

GOVERNMENT SCHOOL SUBSIDY DECREASE WILL BE 6 PER CENT

This Means Board Of Education Can Revise Its Requisition And Save One And One-Half Mills—Board Requires \$12,000 To Cover Salary Increases And Reduction Of Grant—Some Good Information.

In view of the public interest attaching to the rising salaries of school teachers, some general information might be of interest to readers of the Independent.

It is generally conceded that, in the year prior to 1943, the level of teachers' salaries was most inadequate. Our teachers have an extremely important function to perform and much is expected of them, since they must educate the children, who will be the men and women of tomorrow. With this background, the matter was brought to the floor of the legislative assembly of Ontario.

In 1944, the Ontario government passed "An act to provide for the establishment of the Ontario Teachers' Federation." Under this act every school teacher in Ontario becomes a member of the Federation, which includes, among others, the following affiliated bodies.

The Ontario Secondary School Teachers' Federation.

The Federation of Women Teachers' Association.

The Ontario Public School Men Teachers' Federation.

The objects of the Federation, as declared in the Act, are,

(a) To promote and advance the cause of education;

(b) To raise the status of the teaching profession;

(c) To promote and advance the interests of teachers and to secure conditions which will make possible the best professional service;

(d) To arouse and increase public interest in educational affairs; and

(e) To co-operate with other teachers' organizations throughout the

WILL TRY NEW SHADE OF FRUIT COVERING

Permission To Use Has Been Granted In Effort To Find Substitute For Red Leno.

On an experimental basis, for this season only, the Federal Department of Agriculture has granted permission for the use of neutral or dusty peach shade cotton netting for covering heaped baskets of peaches for inter-provincial shipments.

This permission has been granted, it was learned, in an effort to find a suitable substitute for the red leno which has been banned on shipments destined for points outside Ontario. Its use within the province is still permitted by the provincial authorities although several Ontario cities have prohibited sale of "red leno ripened" peaches on their city markets. Protests from consumers over red leno being used to cover green and (Continued on page 5)

PREACHER SCIENTIST

Dr. Irwin A. Moon, of Moody Bible Institute, seen above in one of his "Sermons from Science" demonstrations, is the producer of the sound-color film "The God of Creation" to be shown at 8:00 p.m., Wednesday, March 5, at the High School Auditorium. A special showing for High School and Public School pupils at 3:30 p.m.

This year's Canadian Red Cross Society budget is explained by Lewis A. Winter, O.B.E., Honorary Treasurer of the Society, to Miss Helen G. McArthur, M.A., recently appointed National Director of Red Cross nursing services. Alberta-born Miss McArthur was Director of public health nurses for Alberta. Previously she was on the faculty of the School of Nursing at her alma mater, the University of Alberta. Her present duties take her to all parts of Canada. Mr. Winter, now Honorary Treasurer, was Honorary Comptroller from 1939 to 1946.

FEBRUARY SESSION OF COUNTY COUNCIL

Members Buried Under An Avalanche Of Resolutions From Other Councils On All Kinds Of Subjects.

Warden W. L. Patterson of Niagara-on-the-Lake opened the February sessions of the Lincoln County Council Tuesday in the court house in St. Catharines shortly after 10 o'clock and within a half-hour the assembled members had disposed of routine business and commenced committee work.

A total of five resolutions from other county councils in Ontario, Grey, Huron, Simcoe and Elgin counties, faced the council this morning while the Kent County Council requested approval of a further total of five more resolutions.

Grey County Council asked Lincoln to give support to two resolutions, one requesting that rural electrifications be given priority next to veterans' housing. The second resolution recommended that the appointment of county weed inspectors be made obligatory and that he be supervisor over all municipal inspectors and further that (Continued on Page 5)

NO OPEN SEASON FOR DEER IN THE COUNTY

County Council Were Faced With A Vexing Question—Will Pay Municipalities For Extra Work Done By Assessors.

During the closing afternoon session of Lincoln County Council Wednesday a good deal of discussion centred on the problem of declaring an open day for shooting deer in Lincoln County. The matter was brought up during the meeting of the finance committee under the chairmanship of Reeve Leslie Lymburner of Caistor Township and council unanimously recommended that there be no open season during 1947 in Lincoln.

Adopting the report of the finance committee, the council also endorsed two resolutions of Elgin County, requesting the Provincial Government to permit the imposing of a penalty of four percent for non-payment of taxes and also for exemption from taxation of land used for forestry purposes.

Requests of the Navy League and the West Lincoln Memorial Hospital for financial assistance were referred to the sub-committee for consideration and report to council following discussions on the 1947 budget and the question of group sickness and accident insurance. (Continued on Page 5)

228 CHILDREN IN CARE THE COUNTY SOCIETY

Have 177 Unmarried And Family Welfare Problems On Their Hands—Will Need \$10,000 This Year.

The board of directors of the Children's Aid Society of St. Catharines and Lincoln County met last Tuesday afternoon with Mr. Romaine K. Ross in the chair. Warden W. L. Patterson of Lincoln county was officially welcomed by the president, together with Mr. W. H. Sheppard, reeve of Niagara township, who has already served many years as representative for the county.

Mr. Roy Miller past president of the Kinsmen Club, has announced that the Kinsmen and Kinette Clubs of St. Catharines will undertake the financial campaign for the Children's Aid Society scheduled to begin on April 15th. The two clubs will jointly co-operate in raising the necessary funds to carry on the work of the Society for the coming year. Mr. Miller will be chairman of this drive.

SINGING STAR COMES TO INN

Lanny Ross Will Appear In The Oak Room On The Night Of Monday, March 24th.

Lanny Ross steps from the blackouts of the Pacific to the spotlight of the Village Inn when he fulfills a singing engagement there on Monday night, March 24. Lanny has recently been discharged from the Army via the point system after serving twenty seven months overseas and earning four battle stars and the Legion of Merit. Lanny was a USO co-ordinator in the Pacific area, attached to General MacArthur's headquarters, and has been on just about every little atoll and island in that region. He also has had the pleasant distinction of inaugurating the first USO show in Tokyo.

Lanny has dropped the Major from his name now and it's just plain Lanny Ross again, a name that means so much to radio, stage and screen fans all over the world. His network fans best remember him for radio shows like the Maxwell House Showboat, the Camel Caravan, the Hit Parade and scores of others. Screen fans recall his starring roles in "Melody in Spring", "College Rhythm" and "The Lady Objects."

All followers will want to be on hand at the Village Inn to say "Well done and welcome home" to Lanny.

CITIZENS COMMITTEE TO CONTINUE FUNCTIONING

Will Maintain Closer Contact With Various Branches—New Problems Of Servicemen Cropping Up Daily.

At a recent meeting held in the St. Catharines Branch of the Canadian Legion, the Lincoln County Citizens' Committee was reconstituted.

During the year 1946 it had been decided to disband the Committee as of December 31st, 1946. It was felt, however, that the work of this Committee should continue, and the Canadian Legion was asked to take the Committee under its auspices. The Canadian Legion requested the former executive committee to continue in office, and the newly constituted Committee is composed of the following: C. F. Woodward, Chairman; Major E. H. Lancaster, K.C., Vice-Chairman; J. W. Primeau, Secretary-Treasurer; Deputy Reeve J. A. Wilson, representing Lincoln County; Alderman H. Robinson, representing the City of St. Catharines; Mr. J. Hall Judd, President of the St. Catharines Branch, Canadian Legion; and Lt. Col. J. Ewart Wright, Ex-officio members of the executive will be Warden Patterson and Mayor Macdonald.

MAY CHANGE COUNTY

Ottawa, Feb. 22—It was reported unofficially in Ottawa to-day that a portion of the federal riding of either Wentworth, Lincoln or Welland might be added to the riding of Haldimand, as a result of the redistribution of constituencies now under discussion in the House.

FIRST TELEPHONE INSTALLED IN GRIMSBY 60 ODD YEARS AGO

KIDS HAD FUN IN THE OLD DAYS

These kiddies were all dressed up but they knew where they were going. They were taking part in a masquerade carnival in the old VanDyke roller rink which had originally been the old militia drill shed that stood where the Library now is and was moved by the late Jack VanDyke to Victoria Avenue. He converted the lower part of the building into an apple evaporator and the upstairs for some years was a roller rink. When the rink had run out he removed the hardwood floor, maple flooring and laid it down again in the Lincoln House, now the Hotel Grimsby. Part of that flooring is still in the hotel. The old frame building burned down in 1895 and was replaced with a large concrete building which is now the main building of the Merritt Bros. basket factory. The young lady in this picture was Miss Clara Whittaker, now Mrs. Clara Thornhill of Robinson street south. The young gentleman grew up and became a prominent businessman, a soldier of the Empire, and one of the best municipal officials that Grimsby Village or Town ever had. He is ex-Mayor Edrie S. Johnson. You want to know when this picture was taken? Well, we never tell a lady's age.

Was Located In Palmer's Store And Was Used By All Residents Of The District—First Switchboard And Private Phones Installed In 1886—There Are Now Over 1100 Subscribers Being Served By Grimsby Central.

(Ed. Note:—This very timely article has been contributed to The Independent by Deputy-Reeve A. C. Price, who since his retirement as a Bell Tel. official has spent much time and money in gathering the material in order to write this history. We thank Mr. Price for this effort and are very pleased to publish it.)

When the telephone first came to Grimsby, it caused quite a stir. There was the curiosity of all the inhabitants, who were still a little doubtful and suspicious that some one was trying to pull their leg. This story of being able to talk through a wire could not possibly be true. Or could it?

Then there was the admiration of the girls for the handsome, husky, young men with their handle bar mustaches; and the awe of the young boys as they watched with open mouths these linemen race up and down the tall poles. Many a youthful decision was made then—I shall be a telephone lineman when I grow up.

There were also the Town fathers who gazed aghast at the tree trimming job, but were not too sure whether they could, or should, prevent it. The Village Council was besieged with complaints—the Telephone Company put a pole right in front of my window; or— (Continued on page 3)

PEACH BASKET COVERS AND THE BROWN ROT

Plastic Covers Not Suitable As They Are Made Of Waterproof Materials And Cause Too Much Condensation.

(Science Service News)

The solution of one problem usually means the beginning of another and the replacement of the much-maligned red leno with the transparent plastic basket cover on fruit is no exception. In 1946, the plastic cover came into general use in the fresh fruit industry of Ontario. It soon became apparent that the condensation of moisture on the inner side of the cover could, on occasion, assume serious proportions in spite of the ventilating perforations provided to overcome it, says R. S. Willison, Dominion Laboratory of Plant Pathology, St. Catharines, Ontario. At ordinary temperatures, condensation seldom amounted to more than a cloudiness, or sometimes tiny drops. In refrigerated packages, quite large drops of water formed quickly and were slow to disappear. It was feared that, besides defeating the main purpose of the transparent cover, the presence of moisture would hasten wastage of the fruit by brown rot. The question of condensation arose in the 1946 season because (Continued on Page 4)

BOY OR GIRL?

You figure it out. This person is still residing in Grimsby and to people who have looked at the picture they are about evenly divided on the question. Tell you all about it next week.

TAX RATE AT ACTON JUMPS TO 63 MILLS

(Burlington Gazette)

Acton's tax rate has been struck at 63 mills, which will be a net rate of 62 mills to the ratepayer, with the one mill provincial subsidy. This is a record for any municipality in the county, and possibly Ontario. Increase in the rate is due to lower receipts. The increased rate of 15½ mills can roughly be accounted for by four mills additional this year for school costs, four mills to pay for the recognition gifts to the returned service personnel; four and a half mills for watermain extensions to new building sub-divisions and three mills increase on salaries, including two extra men on the police force.

LOCKHART DELVES INTO WARTIME HOUSING

Tenants May Now Purchase Houses With A Down Payment Of 15 Per Cent On Monthly Payments.

(Hansard, Wednesday, Feb. 12th)

Mr. NORMAN J. A. M. LOCKHART (Lincoln): I wish to direct a question to the Minister of Reconstruction. Contradictory reports have appeared in the press, one of which I have sent to the minister and conflicting ideas prevail among veterans with regard to the provision of wartime housing. Can the minister make a statement, either now or in the near future, which will clear up the misconceptions that the veterans appear to have? I refer particularly to my own area around Niagara Falls and others where there has been a great deal of misunderstanding in this regard. (Continued on Page 4)

CHEVROLET ANNOUNCES ITS 1947 MODELS

Restyled for 1947 with the emphasis on a more massive front end and a smoother sweep to body contours, the new Chevrolet is announced. New front-end grille and complementing bright work, as well as elimination of the body belt moulding, have done much to give the new model an air of greater luxuriousness. This year, the usual shutdown for retooling was avoided and there was virtually no decrease in the rate of output when the new models went into production.

SOCIAL CREDIT SEEKS HOLD ON LINCOLN

Organization of the Social Credit movement in Lincoln County is expected to receive new impetus following a provincial council meeting in Sudbury, Howard Prentice, St. Catharines, provincial secretary of the Social Credit League, attended the meeting and is planning an organizational campaign in the county.

Ron Gostick, provincial organizer, has come to assist Mr. Prentice in the campaign and it is expected that Helen Low, M.P., national leader of the party, will visit the district shortly.

"Our objectives are freedom and security for everyone", Mr. Prentice said on his return. "We believe in the dignity and sovereignty of the individual, and recognize his right to live and conduct his own life with a minimum of restriction and interference by the state."

FACTS & FANCIES

Frank Fairborn, Jr.

CHANGE MY NAME?—NEVER!

An individual from some corner of the Township of North Grimsby comes barging into my office now and then who thinks he knows more about me than I know myself. He says that I don't even know how to spell my name, and that I should glue the letter "e" on the end of it again. He says that I would then be a real "living stone." I would be like the stone that somebody noticed rolling round his garden gathering no moss, while all the other pebbles, large and small, were lying still, and letting the green moss grow all over them. I said I didn't know about this, but he was all right on the subject of the moss, for none of it has ever gathered on me, either in my pockets or in my bank account.

Then this wisacre tried to explain my name in another way. He said that long ago, when you were building a house or a palace or a church, you would plaster some living member of your family in among the other stones of the wall or the foundation, and so made them into "living stones," and that one of these must have been an ancestor of mine. But how such a person could become an ancestor of anybody, the gent did not explain. This poor "living stone" would soon be a dead stone, indeed quite nicely petrified.

And my visitor said there were some passages in the Bible which gave a hint of this old practice, one about a king's son who was built into a wall in this way. And then I remembered that long ago, when I was less of a back-slitter than I am now, I heard a sermon preached by J. Allan Ballard, about stones, cobble-stones, mill-stones, grind-stones, grave-stones, hail-stones, corner-stones, and all the stones he could think of, and he finished off with something from another part of the Bible that said we were all to be like "lively" or "living stones" in building up a good town and country and world. So perhaps my real ancestors had read this verse in their Bibles and had done what they were told, and so were given their name. Only it is too late for me to stick that letter "e" on the end of it. "Livingston" it will have to stay.

A NEWSPAPER'S DUTIES

A newspaper is much more than an ordinary business. It is a public trust.

An ordinary business can accept or reject the privilege of carrying and selling varying lines of goods. A newspaper, if it is a true mirror of the life of the community, must report faithfully whatever happens. The citizens of the community look to it to keep them informed as to what is said and done at all meetings of municipal bodies and generally speaking, what is happening in the life of the town as a whole.

The newspaper of course, is not responsible for what members of council or other speakers say, but it must report fairly and honestly whether it agrees with what has been said or not. The press represents the people who have an indisputable right to know what is said and done by their elected representatives.

The press in its freedom is one of the chief guarantors of freedom of speech and human liberty generally. Once a publisher of a newspaper accedes to a request to leave out certain items or omit reporting certain public speeches, he is false to that trust.

If a newspaper is fair all citizens must be treated alike. Those who get in trouble with the law must expect publicity. That is a disagreeable task the newspaper has to perform as part of its public service.

People sometimes mistakenly think that the publication of a man's views means that a newspaper sympathizes with his viewpoint. News and views are two completely different things. The editorial columns carry the editor's opinion and the news columns are devoted to reporting what is said and done, not by the newspaper, but by others.

When looking at ourselves, we call it firmness. When looking at others, we call it stubbornness and meanness.

THE GRIMSBY INDEPENDENT

MORE BIBLES

Books may come and books may go, but there is one book destined to be read forever. One book that is always in demand. One book of which there are never enough available copies—the Bible.

Announcement was made last month at the annual meeting of the American Bible Society, held in New York, that demands for Bibles throughout the world are so great that at present there is no surplus anywhere.

The Society is planning to continue its work on the expanded scale developed during the war, and expects to need \$1,110,000 during the next five years, in addition to other gifts, to carry out its program.

This program includes new translations, new editions and new bindings, in an attempt to reach 300,000,000 persons who have no Scriptures of their own. The Society estimates there are still some 1,000 languages and dialects into which the Bible has yet to be translated.

The nation in greatest need for the Scriptures at present is Germany. That country is short 4,000,000 Bibles and 6,000,000 Testaments, and after these emergency needs are met, requirements will be about 1,000,000 Bibles and Testaments a year. Next comes Japan, where the Bible Society has been asked to supply more than 2,000,000 Testaments and 300,000 Bibles.

The situation in other parts of the world, according to the Bible Society is as follows:

Great Britain and Dominions: Estimated to be short 5,000,000 Bibles. They eventually will produce them on their own, but in the meantime the Society is providing some 50,000 for Canada.

Korea: Estimated requirements, 250,000 Testaments, of which 50,000 have already been sent.

China: Requirements, 100,000 Bibles and 200,000 Testaments. The Testaments have already been sent, and half the Bibles are en route.

Philippines: The Society has undertaken printing of several vernacular Bibles and Testaments.

WHAT PROFIT MEANS

A Cleveland firm, Warner and Swasey, makers of machine tools, has devoted its national advertising space to a unique diversion from the ordinary grist of advertising. The policy is to explain the essentiality of profits in industry; the lack of which causes paralysis everywhere.

Here are some ideas which should cause readers to think:

"The communists want you to believe

that a corporation which makes a profit is doing wrong. If a farmer plants one potato and harvests 20, is that wrong? (You—and the communists—wouldn't eat if he didn't.)

"Without modern potato-raising machinery, the farmer would get only six or seven potatoes from his one. That would mean no farm jobs to raise the nation's potato crop. . . or would it? No—potatoes would be so expensive, few could afford them, and they would provide few jobs. With modern machinery, the farmer gets 20 for 1, and you and I can afford potatoes. Is that wrong? But I can afford potatoes. Is that wrong? For the sake of the 20 have to go to pay for the machinery. Some go to the farmer for his labor. Some go to pay for keeping the machinery in repair. Some go to build up a fund to provide new machinery when the old is worn out. One or two go to the farmer as profit. And if he doesn't get that one or two, he will stop raising potatoes. There will be a shortage and high prices and we all suffer. It is exactly the same in every factory."

"Samuel Gompers, the labor leader, understood that when he said, 'The worst crime against working people is a company which fails to operate at a profit.' Workmen would be better off if more of the present-day labor leaders studied Gompers and farming, instead of communism and Karl Marx."

Surely it is inconceivable that the workers of this continent, now largely unionized, having won their rights in a big way would ever become suckers enough to let their organizations be dominated by the Red element, the logical end of which infiltration would be the extinction of all unionism. And yet there is reliable authority to the effect that Communists have bored into Canadian and American unions and are doing so every week.

By the same token the C.C.F. aims to abolish the profit motive and the logical end of that is the nationalization of all business and industry, including the farms. How would Canadian farmers like to be regimented in collective farming, thus losing all independence? They don't preach that outright now, but it is the logical direction of policies as enunciated so glibly.

OVER THE BACK FENCE

People may not make as many social calls on their neighbours as they used to in former days, but a lot of talk goes on across the backyard fence or as people work on their home grounds. In the winter there is considerable talk as the men shovel snow.

Such contacts make people feel friendly, and many suggestions and offers of help on household and home grounds problems are exchanged. When spring opens and the men are raking up their grounds and burning leaves and cleaning out the old refuse, they are likely to talk with their neighbours who are doing the same thing.

Thus people become better acquainted with their neighbours, and exchange ideas as to how their home places can be developed.

Wed., Feb. 19, 1947

Grimsby 2; Beamsville 5.
Array yourselves in sack cloth and ashes, children, let the tears flow with gloom prevail. Beamsville won a hockey game. Yes, they did! And by a score of 5 to 2. Horrors! The scoring was as follows. For Grimsby: Catton, 1; Smith 1; McPherson assist; Jewson assist. For Beamsville: Yoshio 2, and Rempel, Carlyle (who learned his hockey in Grimsby) and Hildebrande, 1 goal each.

Penalties: 1st period: Rempel (charging); Metcalfe and Cornelius (roughing); 3rd period: McPherson (roughing); (Sob, sob). Basketball

Thursday, February 20, 1947

Grimsby 55; Ridley 30.
Playing in Ridley's gym the Grimsby Senior cagers defeated the Ridley seconds by a score of 55 to 30. The Grimsby boys were sparked by the Jewson. Jones, Riches forward line which scored the majority of Grimsby's points. Friday, February 21, 1947

Senior—Grimsby 66 Waterdown 37. Junior—Grimsby 38 Waterdown 15.

"Bloop" Shot Mogg beat his one point jinx (two points). These were the last two games of the C.O.S.S.A. group. Grimsby Juniors and Seniors stand tied for first place with Burlington. The first playoff game (Junior sudden death) was held last night and the second (Senior sudden death) will be held in Burlington on Friday night.

COMING EVENTS DEPT.

The pupils of third form (G.H.S.) Request the pleasure of your company, at the third form Bell Ball (informal) to be held on Fri., Feb. 28th.

Nineteen Hundred and Forty-Seven Dancing 8 to 11.30 Refreshments MUSICAL EVENTS DEPT.

The distinguished composer and conductor, Mr. Donald Gladstone (Happy rock) Mogg, led his choral ensemble in a program of famous classics at the local opera house on Monday last. Included on the program were, "Uncle Remus Articulated," "Open the Portal, Richard," and "Good Cheer for Death Old Grimsby High." Between renditions by the chorus, the Peach Kings found time to wallop Thor-old 12 to 6.

LITERARY DEPT.

This is "Contributions to the Magazine Week".
Yes, that's right, this coming week is the week to hand your contributions to the literary editor of YOUR magazine—Louise Knight.

Don't delay, get your literary gem in this following week.
The following names have been selected for the magazine: Studemus, Dies Ludi, the Cynosure, the Guardian, the Bud. Which one do you like? There will be a vote taken this week to decide on the title.

BELL TELEPHONE DEMONSTRATION

On Monday last an interesting demonstration of Telephone equipment was held in the auditorium. The demonstration was put on by the Bell Telephone Company's Mr. D. S. Switzer, who showed the students some amazing pieces of apparatus. Mr. Switzer was introduced by Mr. H. T. Stewart, local manager of the Bell Telephone.

The exhibition was a real treat for the students as the newest equipment used by the Bell is something worthwhile seeing. We extend our thanks to the Bell Telephone.

SPECIAL FEATURE DEPT.

Song of the Week—"Ain't Nobody Here But Us Chickens"
This slow and sentimental love song is the favourite of sweet music lovers everywhere. The particular record which we have reference to being so soft and sweet is done by a gent called Louis (Louis for short) Jordan and his Tympany Five.

Of course, we're kidding about the sweet and sentimental stuff, as Louis really does a fine job on this, the newest novelty tune since "Ouvrez la porte, Richard." The song is the story of a would-be chicken thief who is caught in the

act of snitching a couple of the birds from Farmer Brown's chicken coop. The farmer, armed with a shotgun, sticks his head in the chicken coop and asks if there is anybody there. The clever reply is the title of this song.

Friend Jordan and his group start the thing off with some fine instrumentalizing that really bounces. Then Mr. Jordan gives out with the vocal and proves by his rare rhythmic voice that he has what it takes to put over this type of song. Besides the vocal Louis also cuts in for a few bars with an alto sax solo. All in all we think it's a cute song with a lovely bounce and Mr. Jordan and company do about as much to it as anyone could.

STUDENT PROFILE

The third form scholar whom we told you would be this week's "Student Profile" is the 172 lb. wonder Bernard "Bernie" MacMillan.

"Bernie" was born 17 years ago (March 3) in Cleveland, Ohio, and came to Grimsby at the tender age of 2 years. He has been living on Robinson Street in the fair town for the remaining 15 years and he is now studying English, Ancient History, Algebra, le Francais, Latin (which is, incidentally, his pet hate) and Physics in his first half of the middle school, which is just another way of saying he's in Grade XI.

When he is through high school Bernie hopes to enter some branch of Engineering and he shows a preference for Aeronautical Engineering. At the present time, however, Bernie likes to listen to records, go to dances, play football, putter around with cars at the local garage, and eat (best liked food: Spaghetti and meat balls).

So you see the chubby lad with the big brown eyes, black hair and liking for loud sport coats and diamond socks is a typical student. Personally we like Bernie's good-naturedness, and his talkative but humorous personality.

There he is, 5'9" of good humour and clothes that fairly bark, the Student Profile, Bernard MacMillan. Next week a student from Grade XA.

CORRECTIONS DEPT.

The C.O.S.S.A. Oratory Contest that was scheduled to be held in the G.H.S. auditorium has been changed to take place in Niagara Falls. Not as was previously reported in this column.

'WAY BACK WHEN

Frank Fairborn, Jr.

Questions . . . Questions . . . and more questions. Isn't it great to be a human Encyclopedia of Britannia twelfth edition, printed on onion skinned parchment bound cover in three colors, with per with morocco bound cover in three colors, with raised inscription letters? If this thing keeps up my fan mail will soon be as big as Mae West's. Here goes for the first query, and it's a gruesome one.

Is St. Andrew's cemetery the oldest established ground in Grimsby and is it the first one established here? Yes, St. Andrew's is the oldest burying ground in Grimsby, but not the first one used in this vicinity, as I understand from reliable sources that the first and original God's Acre in this immediate vicinity was on the lake shore on the old Whittaker farm at the pump house. At that time, well over 150 years ago, that piece of ground would have been several hundred yards farther north than the present shore line as the lake has made great inroads on the land bordering it in that space or time. I understand that it was the washing away of the land that worried the people who had relatives buried there and when the cemetery was started at old St. Andrew's the bodies were exhumed and removed to that place.

Queen's Lawn Cemetery was constructed in 1897. It was sponsored and fostered through the village council by the late Thomas Johnson, father of E. S. and H. C. Johnson, but who never lived to see his project finished. He was elected Reeve of the Village in January and died in May of that year, but plans had been prepared and work already started on the new cemetery. The work was carried to completion by the late Samuel E. Mabey who finished out Mr. Johnson's term of office. Incidentally Mr. Johnson is the only Chief Magistrate of the Village or Town who died in office.

Choo, choo, look out for the cars. The old Great Western Railway, later the Grand Trunk and now the C.N.R. was built through this district from Hamilton to Niagara Falls in 1855-57. At that time all the land between what is now Main Street and the present tracks was solid bush except for one or two small clearings and a foot path. For a great number of years wood burning engines were used and Grimsby was a fueling point. Wood contracts were let yearly by the railway company to farmers on the mountain for a supply of wood in cord wood lengths and among the largest contractors was the late James Russ. Previous to the coming of the railway, transportation between points was by stage. The old Indian trail, later the Queenston and Grimsby stone road and now designated King's Highway No. 8 was the main route between Newark (Niagara-on-the-Lake) Queenston, Drummondville (now Niagara Falls) and Hamilton. In Grimsby the stage coach station and horse changing depot was Marlatt's Hotel, which is now known as the club property on Main Street, north side, and occupied by Johnson's Hardware. The late J. B. Marlatt, mortician, of Hamilton and Mrs. Gordon Eaton of Grimsby are direct descendants of these Marlatts. It is a far cry from the stage coach days of 1857 to the high speed automobile days of 1947. Yet when you do a little subtracting you will find that it is only a mere matter of 90 years, yet in that time our railway systems have ground to be the largest in the world. Our highways have been developed from old bumpy corduroy roads to the finest constructed, smoothest riding ribbons of road in America. Such is the passage of time and the advancement of our country.

I am not going to throw stones, but I have been asked to explain about the big stones that used to be thrown around Grimsby. A one time this burg had two stone quarries. One under the present Point that was operated by the late Robert L. Gibson, father of the late J. H. Gibson and the other one where the waterworks reservoir now stands by a man named Webster. Both quarries employed large forces of men. The stones were brought down the mountainside on flat topped stone cars, and the car tracks ran down Mountain street and down Elizabeth street to Victoria park where they swung off and followed the contour of the creek to a point on the east side of the present harbor where a large wooden dock jutted out into the lake. Here the stone was loaded on the old stone-carrying ship the Gordon Jerry and transported to Toronto. The cars made the trip from the mountain to the lake under their own momentum and were brought back to the base of the hill again by horses and taken to the top by cable. Each train of two or three cars coupled together was manned by a brakeman. At the pier there was also a large train storage warehouse for at one time this Port of Grimsby was a large shipping point for grain and timber.

A RHYMER'S PEEVE

You can raise the price of liquor, and the only squeal you hear
Is from a thirsty public that demands more gin and beer.
The same way with tobacco, they will pay without a peep,
And smoke at least as heavy as they did when it was cheap;
They will pay the tax on movies; they will ante up and go;
They will pay a raise with pleasure on the things they wear to show,
But raise the price of milk! Oh, Boy! They'll fight with all their breath,
They may have a growing youngster who is bound to starve to death.
They say the family allowance can never stand so much,
It's nice to save that windfall for Nylon hose and such;
They don't ask for bigger wages just to spend it all on milk!
They will show the wicked farmers and their "scheming, thievin' ilk."
They will march with hoisted banners, they will cable, write and wire,
They will drag the local member by the whiskers through the mire.
They don't mind paying raises for thin liquor, smokes and silk,
But not the slightest fraction will they tolerate on milk.

The hand, the heart and the head form a triangle that can bring untold happiness if used together. One can bring untold happiness, if used together. One alone is not much service, any more than one blade of

Ho, hum! Didn't many Reds come from the little red school house?

Even if the average woman is not blessed with a good vocabulary she can get along by using plenty of turn-over.

The history of the Grimsby Tele-
phone Office has few high spots
because life is lived quietly and
peacefully in this beautiful town
in the heart of the Niagara peach
orchards. There have been one or
two robberies, a few fires, and oth-
er happenings such as occur in all
communities. The few occurrences
which stand out in our employees'
memories are:

The few airplanes which used to
fly over from the 1917 wartime
airport at Beamsville attracted far
more attention than did the hun-
dreds of planes in 1943-45. The
frequent crashes of these fledgling
pilots in their frame "flying ma-
chines," and the accompanying
frantic calls for doctors and am-
bulances, have lingered long in the
memories of Grimsby Operators.

The operators also remember the
morning that the acetylene gas
generator blew up: the Anglican
Church, (1912). King the care-
taker and breaker many nearby
windows. They always that they
will never forget the opening of
the water works when the high
pressure blew some of the taps off
of kitchen walls at flooded sev-
eral homes. Another flood of tele-
phone calls was raised when the
false news of the mistle in 1918
reached Grimsby.

The days of the dark House fire
and the Lakeview Hotel fire at
Grimsby Beach were hectic mo-
ments in the operators' lives, but
the Consumers at Street, where
U.D.L. now is, a skit factory fire
probably caused the most excite-
ment and commotion.

One fire which alarmed the opera-
tors, but saved the subscribers

was the "reverse fire". Usually the
operators knew all about the fire,
and the subscribers called in for
information; but this time, the
man on the street knew all about
it, while the operators called the
subscribers frantically for the lo-
cation of the fire. It came about
quite simply.

Some boys started a fire in a
shed behind the telephone office;
one of those sneaky little fires that
smoldered and sputtered for
hours before it finally burst out
into angry flames. The operators
had smelled smoke all evening, and
had searched futilely for its
source; consequently, they were
rather nervous, but fully alert.

When the fire finally burst forth,
it lighted the office with a red
glare, but the billowing smoke pre-
vented the operators from seeing
the source of the fire; consequent-
ly, they feared that the office was
afire and had to call nearby sub-
scribers to find the fire's location.

Despite the amusement of the
subscribers, everyone admired the
bravery of the operators, who de-
spite their fears stuck to their post.
This seems to be a trait common
to all telephone operators.

The worst storms now remem-
bered were those of 1913 and 1922,
when it seemed that our well con-
structed plant was blown down,
while the may wire, rickety, cheap
construction of the Independent
Telephone Company stood up. In
the 1913 storm, practically all the
lines above the mountain were laid
low by the heavy load of sleet
which struck to the wires, poles,
and cross-arms. At first the wires
swayed gently, though cumber-
some with their load of ice, with
only a gentle breeze to make the
ice on the wires crack and snap;
but soon the breeze freshened to a
gale, which made the poles them-
selves crack and snap, as the wires
danced madly and the linemen
stood by helplessly.

Those were the days of the horse
and buggy for the repairman, and
the team and lumber wagon for
the line gangs. The linemen hated
these storms, yet they proudly told
all listeners of the glorious and
heroic achievements of their gang;
of the speed with which service
was restored; of the accidents or
near accidents; of the tons of wire
used, and the carloads of poles
erected.

Those were the days of the dol-
lar a day hotels; twenty-five cents
each for meals, lodgings, and horse-
feeds. But they were also the days
of the bounteous feasts in farm
houses, for the wet, tired, and fam-
ished linemen. Indeed, in the words
of the old time linemen, "Those
were the days."

Over the years, Grimsby has not
changed much. The main street is
paved now; the buildings are more
modern looking but are still two
story; number 8 highway has been
superceded by the Queen Elizabeth
Way, which cuts through Grimsby
at a low level; and grapes, peaches,
cherries, plums, and pears are
grown in greater profusion. The
telephone office boasts a full time
manager and some operators but
plant men visit Grimsby only when
there are troubles to shoot or other
work to be done.

PEACH BASKET

The plastic covers were all made
of waterproof materials. It im-
mediately became obvious that
steps would have to be taken to
eliminate this nuisance and to
study its possible effect on fungal
decay, if such materials were to
continue in use. Experiments at the
Dominion Laboratory of Plant
Pathology at St. Catharines de-
monstrated that the problem could
be solved, with some sacrifice of
attractiveness in appearance, by
doubling the size of the perfora-
tions. It was also found that, with
non-refrigerated packs, the pre-
sence of moisture on the cover in-
duced little, if any more wastage
over a holding period of one week
than occurred in leno covered bas-
kets. In the absence of condensa-
tion, the differences were negligi-
ble or slightly in favour of the
plastic. In refrigerated packs, on
the other hand, more moisture in-
variably appeared, but the amount
of decay was often considerable
less under plastic than under leno.
This paradox is explainable on the
grounds that, on removal from low
temperature, the plastic covers to
a great extent prevented the in-
flux of warm air into the basket
and the consequent deposit of mois-
ture on the cold fruit, whereas
the leno offered no such barrier.

An alternative solution of the
condensation problem lies in the
use of a non-waterproof plastic,
which need not be perforated. Such
a cover permits the escape of mois-
ture but at the same time inter-
feres with the movement of air into
the basket to the extent of minimiz-
ing condensation on the fruit
after refrigeration. It was, there-
fore, not surprising to find in ex-
perimental trials, that wastage
from brown rot under the non-per-
forated, non-waterproof plastic
cover compared favourably with
that under leno, especially after

refrigeration.

Spray trials and observations on
commercial packs and shipments
have repeatedly demonstrated that,
under similar holding conditions,
the amount of brown rot develop-
ing in harvested peaches depends
principally on what happened to
the fruit in the orchard and during
harvesting and packing operations.
In other words, there need be little
concern about the effect the basket
cover has upon wastage, provided
adequate preventive measures have
been taken to control brown rot in
the orchard and to prevent spread-
ing it to good fruit during and af-
ter harvest.

LOCKHART DELVES

Right Hon. C. D. HOWE (Min-
ister of Reconstruction): I am able
to make a statement at this time.
General policy of the sale of War-
time Housing houses to tenants
has been introduced. It is contin-
gent, however, in most cases, on
the municipality concerned being
prepared to negotiate a new agree-
ment permitting this sale. When
this renegotiation is completed and
the land surveyed, tenants are given
the opportunity of purchasing
under conditions outlined hereunder,
or, alternatively, they may re-
main as tenants. The conditions
of sale are:

(a) Sale is effected only to ten-
ants.
(b) Minimum down payment of
fifteen per cent and monthly min-
imum payments at the normal rate
they now pay in the form of rent.
This will include insurance, taxes,
interest and capital.

(c) The tenant cannot acquire
title to the property for a period of
five years. The object of this re-
striction is to prevent resale and
speculation.

(d) On completion of the agree-
ment of sale the normal tax rate
of the municipality becomes appli-
cable.

(e) Every endeavour is made to
ensure fair appraisal values when
houses are sold to tenants.

WILL TRY NEW SHADE

Immature peaches have been frequent in recent years and were the subject of discussion in the House of Commons, at Ottawa. The Ottawa ban not only prohibits the use of red lino on inter-provincial shipments but also includes any other colour which might be used to deceive the buying public. The material which is to be tried out, an official stated, does not comply with either Dominion or provincial regulations, but it is fully expected that provincial authorities will fall in line with the federal in the experiment.

CITIZENS COMMITTEE

In view of the widely scattered area of the county it was decided to disband the large Advisory Committee for meeting purposes, and it was felt that all the former members of the Advisory Committee would still be willing to act on behalf of veterans in their various localities by communicating with the office of the Committee, which is to remain at the former address, 6 Queen Street, St. Catharines.

It was also decided to maintain closer contact with the various Legion branches in the county, as it was felt that most veterans with problems would probably take them to the nearest Branch of that organization.

It was decided that the need for this Committee is still urgent, as new problems are being brought to the office daily, and the Committee feels that it is the desire of the citizens of Lincoln County to see that every veteran is successfully rehabilitated.

228 CHILDREN

The annual meeting committee has planned to hold the annual meeting on May 20th at the Welland House. They have been fortunate in securing Major J. A. Edmison, K.C., executive secretary of the Prisoners' Rehabilitation Society in Toronto, as guest speaker. Major Edmison has had wide experience with UNRRA during and after the war.

The treasurer, Mr. R. V. Winiger, discussed the budget necessary to carry on next year's work which will require approximately \$10,000 to meet the deficit created by the work with unmarried parents and placement of the children in adoptive free homes, to protect children in their own homes and to

re-establish the broken home. It is noted that the increased cost-of-living has added to the financial burden of the Society.

The Superintendent's report denotes a total of 228 children in care at the end of January 1947. For the first time since the depression there has been an increasing number of family difficulties arising from disputes over financial matters which would indicate that there is increasing worry over financial security in the homes. There were nine new unmarried parent cases in the month which brings to a total of 177 unmarried and family welfare problems.

FEBRUARY SESSION

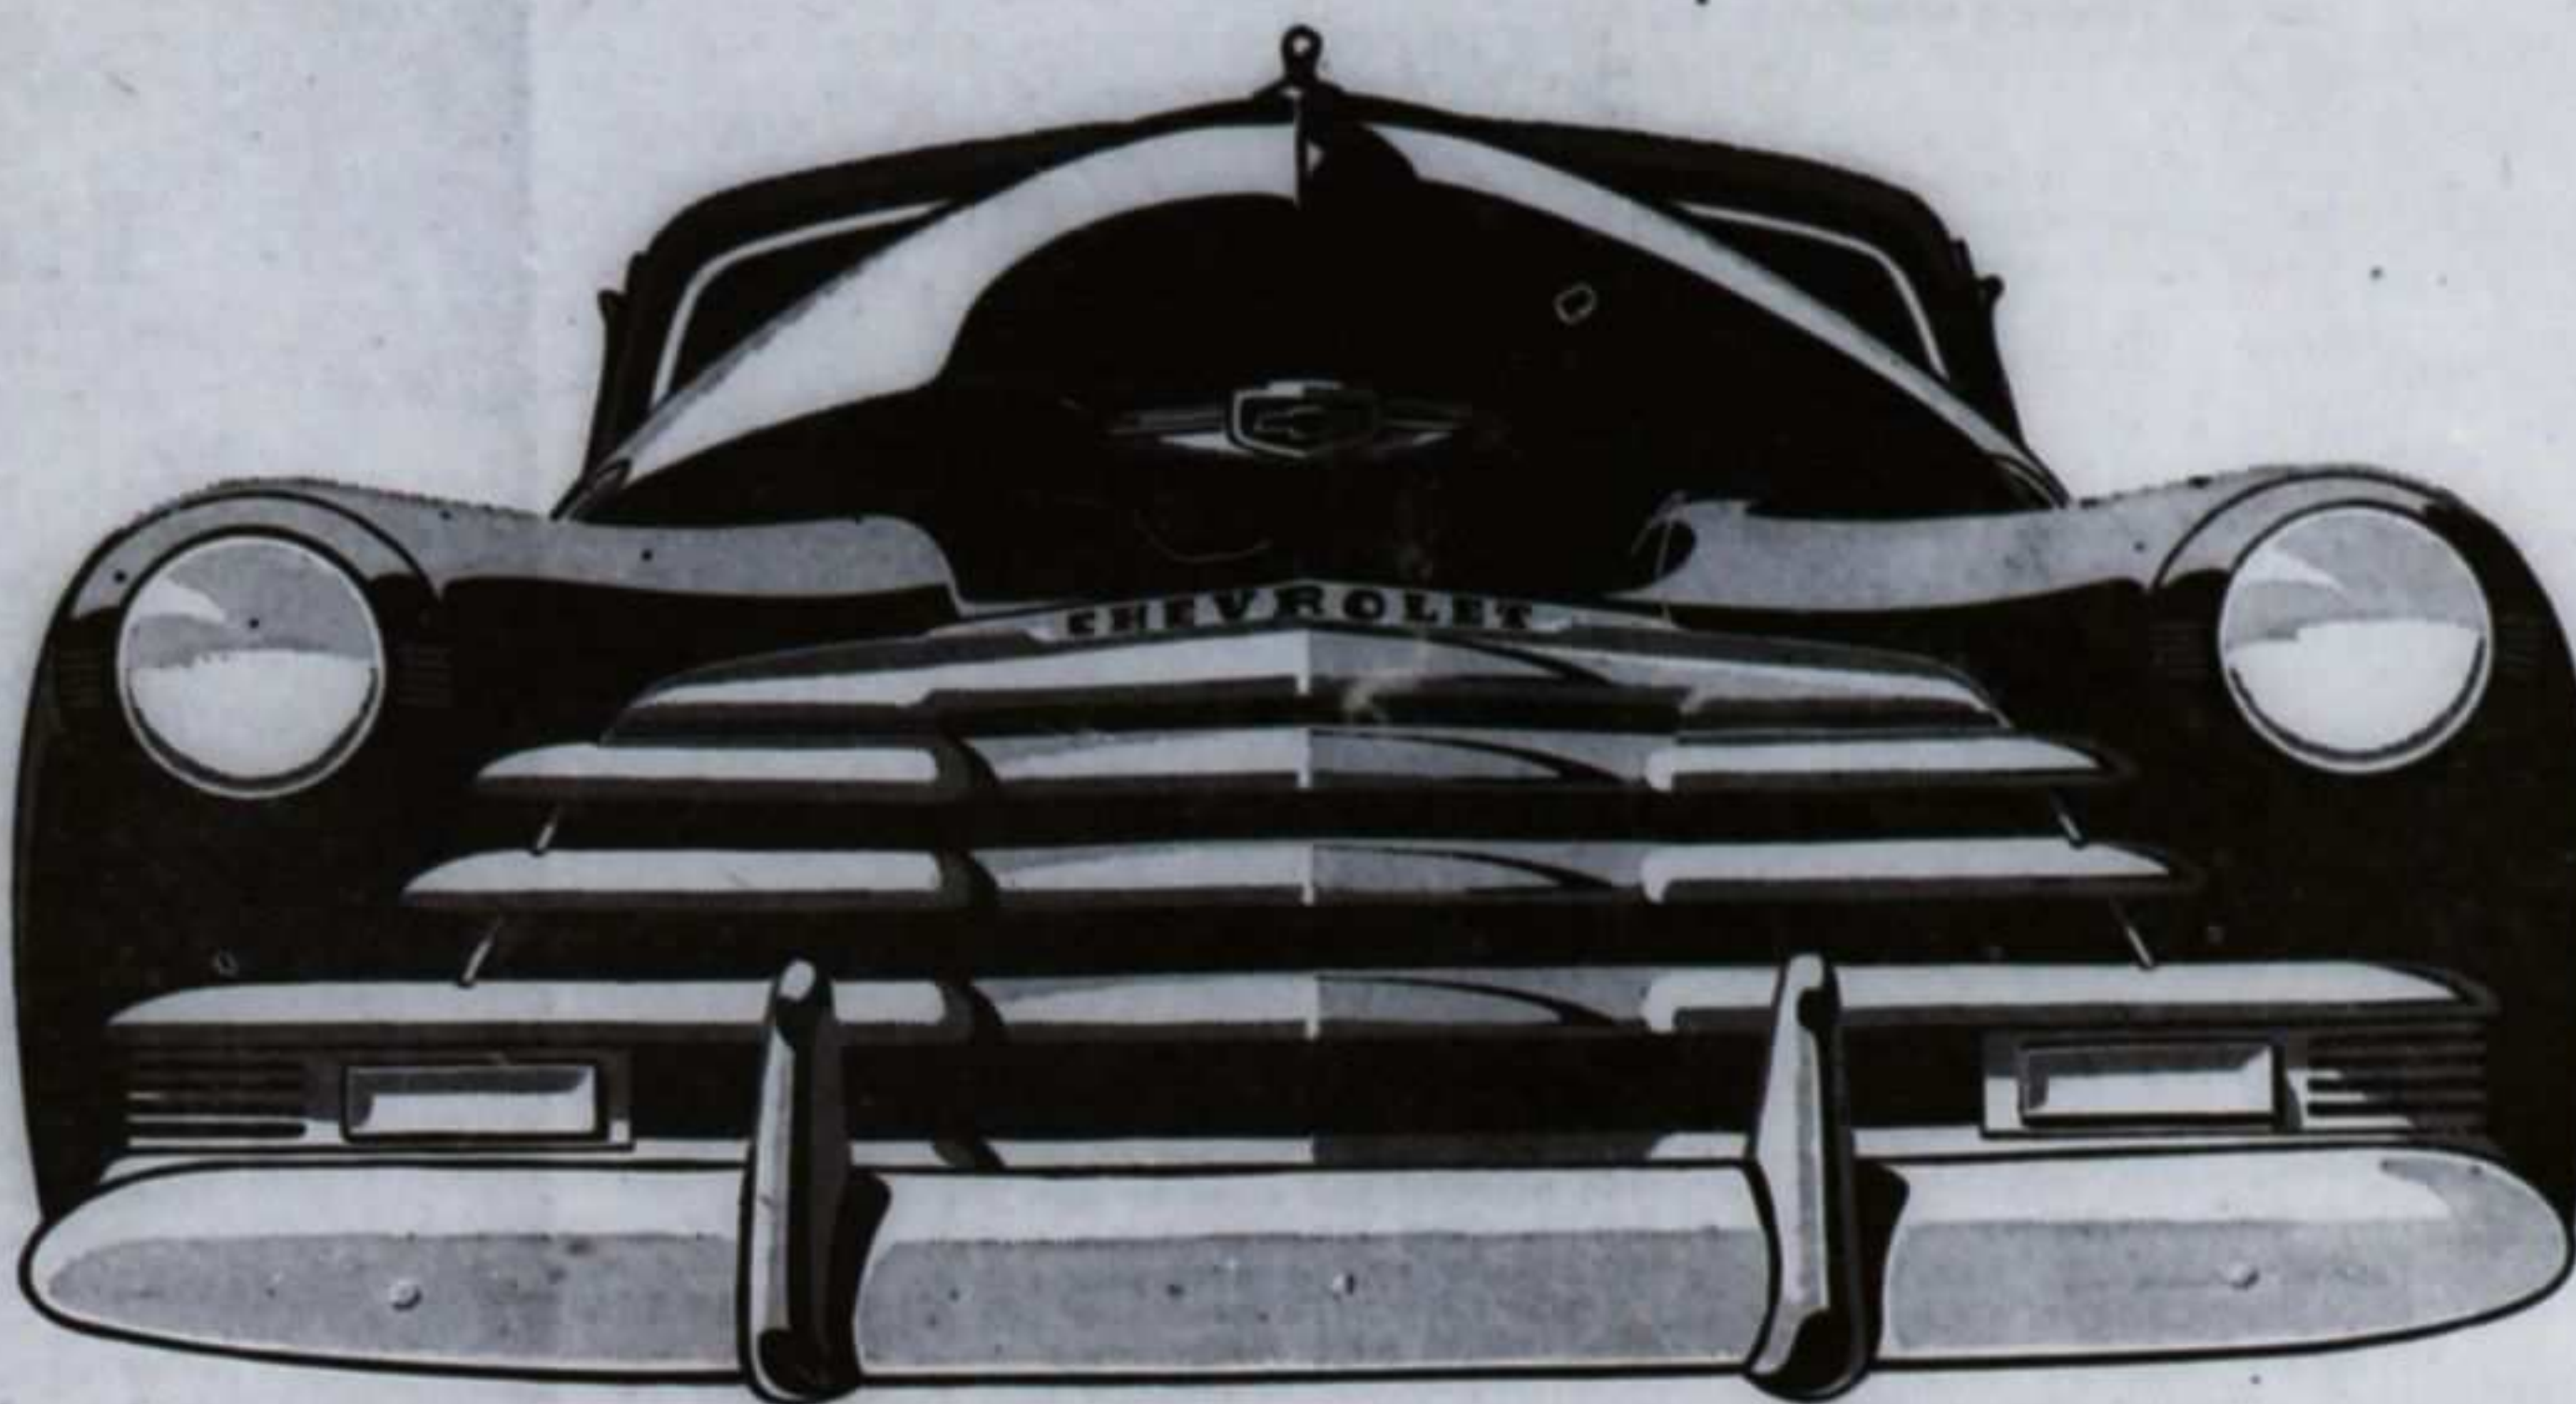

fifty per cent of salaries be paid by the provincial Department of Highways.

Huron requested that the Department of Highways contribute 75 per cent of the total cost of snow plowing on streets of urban towns and villages and Simcoe County asked approval of a resolution calling upon the provincial government to make a yearly grant of not less than 75 per cent of the annual financial requirements of all Children's Aid Societies. The resolution presented to Lincoln by the Elgin County Council petitioned the provincial government to permit the imposing of a four per cent penalty for unpaid taxes, exemption of farm lands of one acre in ten, and amendments to the Public and High Schools Acts making it possible to place public education in a high school area under the control of the high school district board.

County Clerk W. H. Millward disposed of a heavy bundle of resolutions from the Kent County Council by simply informing the council that there were twelve pages of type-written sheets and that he would pass them over to committees. The imposing array of resolutions, five in number, dealt with the Drainage Act, two resolutions pertaining to work of the Bell Telephone Company and other questions. One requested that the provincial government enact legislation prohibiting the changing of daylight saving until such time as a provincial or Dominion vote of the people be taken.

The Salvation Army requested by letter that the Lincoln County Council again aid the organization with a grant in 1947 and A. J.

All Canada welcomes the 1947 CHEVROLET!

BIG-CAR QUALITY AT LOW COST

*now made even bigger-looking, even better-looking
even more beautiful and desirable in every way*

Chevrolet dealers are displaying the newest creation of Canada's largest producer of automobiles—the new Chevrolet for 1947—offering you an even greater measure of BIG-CAR QUALITY AT LOW COST!

See it and you will agree that it's the *biggest-looking, and best-looking* Chevro-

let ever built. It's more *beautiful* in every way, both inside and out. It's designed to *out-style, out-value and out-drive* all other cars in its price range. And above all, it reveals that sterling Big-Car quality—in every phase and feature, in every part and pound of material—which buyers agree is exclusive to Chevrolet in its price range.

W. McPHERSON AND SON

Babion, Clerk of Welland County, informed Warden Patterson and the members of the council that a committee from Welland will go to Toronto with representatives from Lincoln and St. Catharines to interview the Minister of Health and the Premier regarding hospital grants.

NO OPEN SEASON

Insurance for county employees was also turned over to the sub-committee.

Reeve Len Hoare of Merriton presented to council the report of the General Administration Committee and in granting its approval council discontinued the \$20 per month rental charge for the Provincial Police quarters in the court house in St. Catharines, effective March 1st of this year. This action was taken due to the fact that expenses of the Provincial Police will not after the first of this month be chargeable to the county and will mean an approximate annual saving of \$2,000 to Lincoln County.

The special roads committee went back into session again under the chairmanship of Reeve William E. Heaslip of Gainsboro and approved the purchase of two White trucks for the road department of the county. The committee was also authorized by council to prepare, with Superintendent Weir, a resolution to be presented to the Good Roads Convention in Toronto, recommending a change in the legislation regarding municipal liability for accidents on highways.

The Department of Transport forwarded to Lincoln County an offer regarding the Ontario St. crossing of the Third Welland Ship Canal right of way in the Township of Grimsby. The offer of the land plus the sum of \$5,000, was accepted by the county council to enable Lincoln to alter the location of the county road in that area.

Approving the report of the Charity and Welfare Committee, presented by Reeve Frank Laundry of Beamsville, council approved accounts presented and referred all

requests for grants to the Finance Committee for consideration. The chairman and Warden W. L. Patterson were authorized to interview Premier Drew and the Minister of Health with regard to provincial aid to private hospitals.

The council also gave its approval to a resolution passed by Simcoe County Council requesting provincial aid to Children's Aid Societies but stipulated that the Province pay 25 to 50 per cent of the annual financial requirements of the societies instead of the 75 per cent recommended by Simcoe.

Two resolutions forwarded to Lincoln for consideration by the Elgin County Council regarding the Municipal Drainage Act and the Railway Act were referred to the Legislation sub-committee for study and report. The report of the Board of Management of the Industrial Home was approved upon presentation by Deputy-Reeve R. G. Dawson of Niagara Township.

In discussion during the sessions of the council on the question of equalizing the assessments throughout the County of Lincoln, a suggestion was made that the county pay the municipal assessors for the extra work involved. However, when Deputy-Reeve Ivan D. Buchanan of Grantham Township presented the report of his committee to council it was decided that if it is legally possible the county will pay the municipalities a total of 30 cents for each appraisal sheet in connection with this year's assessment. This step was taken due to the fact that several municipalities in the county have already set the yearly rate for their assessors.

Before council adjourned they approved two by-laws appointing George Montgomery of Beamsville, ex-reeve of Clinton Township to the posts of inspector under the Plant Diseases Act and of weed inspector for Lincoln.

Things were uneventful in the old days. An ordinary man could get his picture in the paper only by endorsing a patent medicine.

The Charlie Normans have moved to Hamilton to reside.

We regret to report that Mrs. Colin Caverhill is very ill in West Lincoln Memorial Hospital.

Mrs. Stanley Dryden of Cope-town and Mrs. T. Hurdun of Hamilton, spent Saturday evening with Mrs. Stadelmeier.

Mr. Thomas M. Scrivener from Sidney, Australia, was visiting his brother, Mr. R. M. Scrivener, 88 Livingston Ave. over the weekend.

The children of the Beach Sunday School held a party in the Beach school on Tuesday evening and realized about \$25 for the Institute For The Blind campaign. Miss Jean Durham is the Sec. Treas. of the school.

Mrs. Gordon D. Conant has been chosen by the Toronto Quota Club as "the woman most outstanding in work for peace during the year." The club honoured Mrs. Conant at a dinner at the Royal York Hotel, Tuesday evening, on the occasion of the birthday of Quota International.

Mrs. Matthew Lang is visiting with her relatives Mr. and Mrs. Bertram Webster, Kerman Ave.

The many friends of Mr. Thomas J. Waites will be sorry to hear that he has been confined to his home through illness for the past week.

The Willie Hewsons have moved to their new home on their country estate at the corner of Murray Street and the Queen Elizabeth Way.

Dr. A. F. McIntyre and family have moved into their new home in the heart of Main Street. The Dr. has been occupying the offices since before Christmas.

Mr. and Mrs. J. H. Stadelmeier attended the Ladies' Night Banquet of the Hamilton Christian Business Men's Committee, which was held Monday evening in the Crystal Ballroom at the Royal Connaught Hotel.

YOUNG ADULT GROUP

The regular meeting of the Trinity Young Adult Group will be held in Trinity Hall, Thursday, February 27th, at 8 p.m. The guest speaker will be Dr. Neil M. Leckie.

Engagement

Mr. and Mrs. Orrin Cosby, Grimsby, announce the engagement of their younger daughter, Violet Elaine, to Mr. Gordon Robert Norris, son of the late Mr. and Mrs. Robert Norris. The wedding will take place Saturday, March 15th at 2.30 o'clock.

TRINITY CHURCH

Miss Doris Bromley, of Toronto, who is leaving shortly for Bermuda, sang most acceptably at the morning service of Trinity United Church last Sunday. Mr. T. L. Dymond officiated at the organ in the absence of Mr. Donald Kennedy, who is holidaying in Florida. At the evening service slides were shown, descriptive of the church's work in Newfoundland.

MUSIC FESTIVAL

The Lincoln County and district Musical Festival will be held in St. Catharines, Westminister Church, this year commencing Monday, April 28th and promises to be even more popular than ever as entries are already coming in. Last year the Festival ran over a week as there were over 600 entries. Contestants are advised to send in their entries at once as the closing date is Monday, March 3rd. Mrs. R. W. Thurlow, Box 8, St. Catharines, is the Secretary.

Baptist Church

In their plan to consolidate their constituency in the community the members of the Grimsby Baptist church are making an every family visitation of that constituency in the near future.

This constituency includes not only the members of the church but of the congregation, members of the church school and other organizations the parents of the school scholars, unless otherwise listed, and any others who express a preference for the Baptist Church.

It is felt that becoming better acquainted all round is one of the first essentials to the success of this plan and that the suggested visitation will greatly assist in this.

The names have been secured on as highly authentic lists as were available and are felt to be accurate. But mistakes may occur and if any are visited who are not anticipated in any way with the Baptist Church it is because the Baptismal has been inaccurate and not from a desire to "poach" and the preserve of other church on "p.s."

Those on a diet frequently bite off more than they should chew.

Lucky Pocket Pieces Of Fine Irish Linen

ANY girl who gets Irish linen handkerchiefs for Christmas gifts is in luck. They are so sheer and beautiful and come in such a breath-taking array of colors and designs for you to make your gift selections from. To make your gift spell a wish for a prosperous New Year, choose one of the new coin dot designs like the hankie pictured for a lucky pocket piece.

DAY OF PRAYER

Last Friday, following the custom of many years women of Grimsby observed the annual World Day of Prayer, a service taking place on the same day in all parts of the world where there are groups of Christian women.

"Make Straight in the Desert a Highway for our God," was the theme of the program, which was divided into four parts: Meditation, Thanksgiving and Intercession. The object—the dedication of all women as makers of peace.

St. Andrew's Church was the scene of the impressive service, with Mrs. P. V. Smith leading in the first part. Other leaders were Mrs. L. J. Pettit, Mrs. John Morris, Mrs. W. H. Morris, Mrs. John Dick, Mrs. W. J. Watt and Mrs. McClure. Assisting were Mrs. Brock Snyder, Mrs. Frank Burton, Mrs. Marcus Hilt, Mrs. H. W. Powell, Mrs. D. McIntosh, Mrs. James Theal, Mrs. F. G. Wheeler, Mrs. J. L. Chambers, Mrs. B. J. Croft and Mrs. H. B. Matchett. A pleasing addition to the program was the solo by Mrs. Wm. Layton, Sweet Hour of Prayer.

The offering from the Canadian Churches is allocated each year to Christian literature for world distribution, to Christian Colleges in China and India and to various missionary councils and schools in Canada and the United States.

"THE GOD OF CREATION" TO SHOW IN GRIMSBY

Vivid full-color scenes from astronomy and natural science are featured in "The God of Creation", sound motion picture to be shown 2.20 p.m. for High and Public School pupils and at 8:00 p.m. Wednesday, March 5, according to the Rev. George McLean, who stated that it was brought to town under the auspices of the ministers of the Protestant churches.

Produced in Moody Institute of Science, West Coast department of Moody Bible Institute, by Irwin A. Moon, Sc.D., "The God of Creation" is the second in a series of evangelistic films. The first film by Dr. Moon, "They Live Forever", had a large showing in all parts of the country.

In the opening section of "The God of Creation" the audience takes a trip to the stars by means of solar photographs taken through the giant 100-inch telescope of Mt. Wilson Observatory in southern California, and views complex gyrations of our own solar system.

Lapse-time photography is utilized to demonstrate the beauties of natural science. The illusion of flower buds developing into full-grown blossoms in a few seconds is created through this time-compressing photo technique. The metamorphosis of a caterpillar through the various stages from worm to butterfly, and pollination of flowers are seen on the screen in full color.

Believed to be the first of their kind are the natural-color pictures of photosynthesis, the mysterious food-manufacturing process resulting from the action of sunlight on green leaves.

Through photomicrography the audience peers into the microscopic world of a drop of water and observes the complexity of tiny organisms, enlarged more than a million times.

"The God of Creation" will be presented by Mr. H. L. Harris, Moody film representative.

HOSPITAL L. A.

The Annual Meeting of the Women's Auxiliary, West Lincoln Memorial Hospital (all branches) will be held in the Oak Room, Village Inn, Grimsby, Thursday, March 6th, at 3 p.m. New members very welcome. Silver collection.

W.C.T.U.

REPORT OF FEBRUARY MEETING

The Grimsby W.C.T.U. met at the home of Mrs. Spencer Merritt, February 19, with a fine attendance of members and nine visitors. Song, scripture reading and prayer with encouraging reports of the secretary and treasurer were followed by a member outlining an educational activity of the Temperance Union.

There are many groups:-

1. Little white ribboners, children under six with their pledged parents, supplied with teaching material.
2. Bands of Hope. Children from 6 to ten years. Now organized in ten countries.
3. Youth Temperance Council.
4. Young Women's Christian Temperance Union. Each group is supplied with study material.

5. Besides these groups, study courses are prepared and awards given for (a) Sunday Schools, which this year reached 300,000; (b) Day Schools. Pupils in posters, health books and essays submitted 1,707 pieces, 47 Provincial prizes were won. Three coming to Lincoln County.
6. Medal Contests. Each year at Provincial Convention, silver medalist from various countries compete for the gold medal. The facts and truths presented by these orators could save the nation.
7. Travelling Secretaries—In Ontario from February to July, the Provincial secretary visited 117 Public Schools, 13 High Schools, reaching 13,336 students. 191 films were shown, besides addressing 13 other groups. The national secretary worked in 4 countries and in Toronto giving 120 talks to 12,600 persons.

Three scholarships are offered of \$200 each to qualified teachers to take a summer course in scientific temperance at Evanston, Illinois. Three Ontario teachers took it last year and were delighted with it. Time and space does not permit more than a glimpse of this work carried on in each Province of the Dominion and in almost every country of the world to open the minds of men, women and children everywhere to the evil of all habit forming drugs, especially alcohol and nicotine.

Mrs. J. Nelson, the County President, then took over, using for text Luke 5:5. The increasing use of alcohol with all the evils it brings: the enormous waste of good food and money often discouraged. We work and pray and are like the disciples who toiled all night without success. But with Christ directing both ships were so filled that they began to sink. When we work and pray keeping our eyes on the Master we will have a liquor free country.

Mrs. H. G. Scott, past County President, as usual rolls up her sleeves and wades right in. She spoke emphatically of teaching and training in homes, in schools and in the Sunday Schools and of the stand taken by the members of the Christian Church. The serving of alcohol drinks, "cocktails", in good homes, at young people's social affairs, at weddings and at other celebrations was deplored. Also that any member of any Christian Church should hesitate to be pledged against the use of this body and soul destroying drug is unbelievable. "Where or what is our Christianity?"

Mrs. Hetherington of St. Catharines Union read excerpts from a pamphlet by Sam Norris of San Antonio, Texas. "We rid ourselves of the old saloon. Through the years the name has been changed many many times. The latest name 'Cocktail Bars'. But there is no change in the alcohol. Bought in a cocktail bar it has exactly the same evil effect as if bought from a bootlegger."

Mrs. Aikens spoke on Citizenship. "Shall Canada open the door to immigrants?" The report of the Senate Committee on the subject may be had by writing Miss Constance Hayward, 222 Queen St. W., Toronto. Also a periodical, "Beginning Again" will be mailed to any address free.

Our President was asked by a woman "Do you think smoking cigarettes is immoral?" She replied, "It cannot be moral or Christian. Christ came to make us free. Just hold up a dirty stinking little cigarette and think 'I'm a slave to that!'"

The hostess served tea. A long social hour of interesting discussion closed a very worthwhile afternoon.

Nuptials

PREECE-DEAR

The wedding took place on February 8, in New Westminster Church, Hamilton, when Susan Priscilla, daughter of Mr. and Mrs. C. W. Dear, of Vinemount, Ont., was married to Mr. James Preece, eldest son of Mr. and Mrs. J. A. Preece, of Hamilton, with Rev. T. G. Marshall officiating.

Given in marriage by her father, the bride wore a short powder-blue dress of silk jersey, her corsage bouquet being of Talisman roses. She was attended by her sister, Mrs. H. P. Harrison, of Toronto, and her cousin, Mrs. John Robersshaw, of Hamilton. Mr. John Robersshaw was best man, while those ushering were Messrs. Walter Dear and Harvey Harrison.

A reception was held for the wedding party at the Rycroft Inn, after which the couple left for a short trip to the United States. They will live in Hamilton.

WEDDING ANNIVERSARY

When Mr. and Mrs. Arthur Ockenden of Hamilton, formerly of Grimsby, celebrated their 50th wedding day recently, their wedding attendants of 50 years ago were present, Miss Ida Newman, Niagara Falls, and Mr. William Neal, Woodstock.

For the reception, the rooms of their home were banked with beautiful flowers sent by their many friends, and among other gifts was a large wedding cake with 50 candles, the gift of the choir of the Church of St. Peter.

Honouring the occasion, a family dinner was also held at Bellevue, when presentations were made to the couple, and words of appreciation spoken by their eldest son, Stanley.

ST. ANDREW'S CHURCH

FILMSTRIPS ILLUSTRATE THE LIFE OF ST. PAUL IN LENTEN STUDIES AT ST. ANDREW'S

With the series of studies on the life of St. Paul which begins at the evening service next Sunday at St. Andrew's the new Tri-Purpose 35 mm. Projector goes into use in the Church services for the first time.

Purchased some weeks ago by the Sunday School this little machine is capable of varied use. It is adapted to the use of 2"x2" Kodachrome slides which are available in an infinite selection of subjects from the Society For Visual Education, Chicago. An exceptionally fine set of 70 pictures on the Life of Christ will be shown later in the Parish Hall. These are taken from the paintings of the English artist, Elsie Anna Wood, done in the authentic background from actual models. This group will be supplemented with a selection from the world's most famous religious paintings by the great artists.

The present series on the Life of St. Paul are Filmstrips produced under the direction of Cecil B. DeMille for Cathedral Films Inc. Next Sunday night the study will be "St. Paul's Early Life". March 2nd. "St. Paul's First Missionary Journey" March 9th. "St. Paul's Second Journey" March 16th. "Third Missionary Journey" March 23rd. "St. Paul's Journey to Rome." Here is presented the story of one of the most amazing personalities the world has ever seen.

Girl Guides

MRS. CONANT SEEKS GUIDE LEADERS

Appealing for leaders for the Girl Guide companies and Brownie Packs in Ontario, Mrs. Gordon Conant, provincial commissioner, stressed that "If ever leadership was needed for youth, it is now."

"No time must be wasted in preparing our youth for the future. We must have a virile race, full of health and initiative, friendliness and concern for others," the speaker declared.

Guiding means working for the good of the world because it is democratic and for the benefit of all races, classes and creeds. "It is the most perfect method yet devised for supplementing the home and education," Mrs. Conant asserted.

Mothers' Club

Several new members were received into the Mothers' Club, Thursday afternoon, at the February meeting held at the home of Mrs. Arthur Henley with Mrs. Ernest Tomlinson presiding. The election of officers resulted as follows: Mrs. James Durham, President; Mrs. J. M. Lawson, Vice-President; Mrs. Joe Rummery, Secretary Treasurer; Mrs. Herbert Henley and Mrs. Arthur Henley, Health Clinic Committee; Mrs. Harvey Lambert, Visiting Conventor.

Lunch was served by Mrs. A. Henley, Mrs. J. M. Lawson and Mrs. Ernest Tomlinson.

I.O.D.E.

Lincoln Loyalist Chapter I.O.D.E. met at the Village Inn on Monday, February 24th, and elected its officers for 1947. Mrs. E. A. Buckenham, regent; Mesdames P. V. Smith and E. M. Phelps, 1st and 2nd Vice regent; Mrs. Harold Gowland, Secretary; Mrs. J. E. McCausland, assistant Secretary; Mrs. E. C. Dunham, Treasurer; Mrs. W. H. Morris, Educational Secretary; Mrs. L. A. Bromley, Echoes Secretary and Mrs. W. E. Greig, Standard Bearer. Councilors elected were Mrs. R. N. Wolfenden, Mrs. N. M. Leckie, Mrs. F. M. Marsh, Mrs. A. W. Mason, Mrs. Jerry Little, Mrs. G. F. Warner, Mrs. Wm. Lothian, Mrs. R. E. Devine, Mrs. T. C. MacWilliams and Mrs. Isabelle Glave.

The secretary reported a most successful year both financially and in increased membership. We have reached four fifths of the amount assigned to us of the War Memorial. Plans are on the way for the 23rd Birthday Party on March 17th.

Mrs. Brock Snyder, the retiring treasurer has given excellent service for more than ten years and a vote of appreciation was tendered to her. One minute of silence was observed for the late Mrs. F. J. Millar, assistant Secretary. The meeting closed with the National Anthem.

Women's Institute

INSTITUTES PLAN
CELEBRATION OF GOLDEN
JUBILEE

As the central feature of the celebration of the 50th Anniversary of Women's Institutes, the Federated Women's Institutes of Ontario are planning a mammoth Golden Jubilee Celebration, which will be held on Wednesday, June 18 at the Ontario Agricultural College, Guelph. Committees have been working on the plans for some time, and the plans provide for an all day programme of events linking the past with the future. In the evening a colourful and large scale pageant will be presented, to depict the origin and growth of Women's Institutes throughout Ontario, Canada and the world.

It is expected that this will be the greatest gathering of Women's Institute officers and members ever assembled in one place, as all Institute members and their friends are being invited to attend and take part in the celebration. It is expected that representatives from the other Provinces of Canada as well as from sister organizations in other countries, will be present. For those coming from a distance, a limited amount of overnight accommodation can be arranged, but representatives desiring to secure such accommodation are especially requested to make their applications as early as possible.

Card of Thanks

I would like to express deepest appreciation to all friends for their kind thoughts and warm hearted messages of sympathy in the sudden loss of my father.

NORA ALLDRICK

Mr. John Larmon and Mrs. Elizabeth Larmon wish to thank their friends and neighbours for their kindness and many expressions of sympathy during their recent bereavement.

MAPLE PRODUCTS RATION FREE

The Wartime Prices and Trade Board has announced that effective February 17, all maple products are removed from the list of rationed preserves items and therefore are no longer subject to rationing regulations. Board officials point out the removal of maple products from preserves rationing will not cause any changes in the validating of sugar-preserve coupons.

SCOUT-GUIDE SERVICE

A very impressive "Scouts-Guide Own" service was held at the High School on Sunday, February 24th, under the chairmanship of Miss E. Cullingford, Captain 50th I.O.D.E. Company Girl Guides and was the final ceremony of Scout-Guide Week.

It was very inspiring when the Colour Parties with the Kings and unit colours marched in to Elgar's magnificent "Land of Hope and Glory" to deposit them with their leaders, Mrs. Gordon May, Miss Lois Rahn, Mrs. T. C. MacWilliams, Col. G. R. Chetwynd and Cyril Mote, who received them on the platform. The service commenced with the re-affirmation of their promise by Brownies, Wolf Cubs, Girl Guides and Boy Scouts. Greetings were expressed by District Commissioner S. Gibson. A cable was received from Miss Walsh, Divisional Commissioner, West Lincoln Girl Guides, who is in Dublin and a message from Miss V. Creet, Dist. Commissioner W.L. G.G.

After the hymn "For the Beauty of the Earth" the Lesson, Mat. 5:1-16 was read by verses by Brownie Jeanne Dick, Wolf Cub John Mitchell, Patrol Leader Pat Harrison and Patrol Leader Allen Baisley. Following the hymn "When Morning Gilds the Sky" and The Lord's Prayer an address was given by the Rev. W. J. Watt, who took for his theme the Guide-Scout slogan "Theirs is the Future." The service closed with a hymn and the Blessing by the Rev. Geo. A. McLean.

The following units were present: 1st Grimsby (Lions) Troop B.S. 1st Grimsby Beach (Lions) Troop B.S. 1st Grimsby (Lions) Wolf Pack. 1st Grimsby Beach (Lions) Wolf Pack. 50th I.O.D.E. Company Girl Guides. 57th I.O.D.E. Company Girl Guides. 1st Grimsby Beach Company Girl Guides. 25th I.O.D.E. Brownie Pack.

A considerable number of parents, members of group committees and friends were present, among the representatives were Mrs. K. C. Baxter, Convener, I.O.D.E. Girl Guides Committee; Mrs. I. H. Traut, convener; Home and School Club, Grimsby Beach Committee. District Commissioner S. Gibson; Dr. A. W. Crich, President of the Lions Club; Mr. Mel Johnson, Chairman Grimsby Boy Scout Group; District Scoutmaster J. Baker.

Cubmaster Cyril Mote prepared the order of service and Mr. Kenneth Baxter accompanied on the piano.

Wolf Cub Pack

Larry Lambert, Nick Racz and George Stewart received their second star at Thursday's gathering of "A" Pack. Jimmy Durham was presented with his first strips to show his promotion to second of the Brown Six.

Service Stars were awarded to Bryan Jones, Billy Tennant and John Lawson. The following tests were passed and badges earned: Bryan Jones, physical exercises and Collector's badge. Billy Tennant, physical exercises, first aid and savings; John Brooks, Model building of an Indian camp; Nicky Racz, Toy-making; George Stewart, guide and homcraft; Jim Durham, tasks collector and guide; John Mitchell, artist; Ronnie Moore and Tom Little, the Collector's Badge.

While Bagheera looked after the Bones, the Sixes prepared for kit inspection. Akela supervised a fine game which gave the cubs a chance to show their acting ability.

On Friday evening both packs journeyed to Fruitland to repay their visit and spent an enjoyable evening in games led by Akela Jenkins. The Cubs and their leaders wish to thank Messrs. V. Catton, R. Johnson, J. Baker, J. Hewitt and D. Alton for transporting them to the meeting.

On Sunday the Cubs took part in the Scout-Guide Own to complete the week's activities. An account of the service appears elsewhere in the paper.

Grimsby Red Cross

The Canadian Red Cross Society's campaign for funds will get under way in Ontario March 3rd, with a provincial quota of \$2,000,000, it was announced by President, Hon. Leopold Macaulay at Ontario Division Headquarters today.

Again heading the campaign in Ontario is Ian R. Dowie, a Toronto executive who has served in this capacity for four years. Nearly three hundred and fifty Red Cross Branches in Ontario again have the assistance of the members of Dr. Dowie's staff in setting up campaign arrangements; a valuable contribution which this organization has annually made to Ontario Red Cross during the last four years.

The national budget calls for an expenditure of over five million dollars. A large percentage of this will be devoted towards helping war veterans; and the maintenance and expansion of the Outpost Hospital program. In Ontario there are 26 hospitals in operation and several more contemplated this year.

The extension of other peacetime services in Ontario includes the teaching of Home Nursing, First Aid, Swimming and Water Safety, and the promotion of Junior Red Cross.

CEREALS FOR PEP

Such cereals as oatmeal are essential to breakfast on cold mornings, say the nutritionists. An authority in the Department of National Health and Welfare points out that such dishes are not only appetizing, but provide warmth and energy, while supplying important minerals and the B Vitamins. So much better if the cereal can be served hot, on winter days.

SPORTOLOGY

(By Bones Livingston, Sportologist)

FOLLOW THE SWALLOWS BACK HOME—I do not know the man who wrote that once popular song, but I do know the man who made it famous throughout the hockey circuits of the Province of Ontario.

He accompanied himself on a little five and dime store ukelele, most of the time assisted in his vocal renditions by the late Shorty Horne. This boy's soft tenor voice and Shorty's mild baritone blended beautifully together and many a weary hour on the road was made shorter by their musical efforts. This lad's favourite ballad was the one that heads off this article and believe me he could sing it.

Fans and fanatics, I introduce to you, LANCELOT HAYHOE, or to the fans of two generations ago, just plain BLONDIE. A boy, who at that time had only two ideas in his head. Hockey and singing. Hockey came first and winning games for the PEACH KINGS came first. That boy would have died on the ice that the KINGS should win. If ever a man played on any team who had the will to win and to bring honor to the colors he wore, it was BLONDIE HAYHOE. He never knew when he was licked and never was licked. I wish that some of our present day hockey players had a half-pint of his fighting spirit.

BLONDIE never knew what a pair of ice skates looked like, and hardly knew what snow was, until he was 10 years old. He was born in England and came to Canada and Grimsby at that age. It did not take the cockney kid long to learn to skate and become a real Canadian kid (wonder if he has bought one of those buck bill Canadian Citizenship papers yet).

He learned to skate and play shinny on the frog ponds and the Old Forty Creek. Grimsby had no rink at that time. Then in the winter of 1920-21 an open air rink was built on the Municipal grounds, next to the Municipal building, which was then the Alexander school. Roy Farrel made this boy a hockey player. He was one of the lads that Roy Farrel made this boy a hockey player. He was one of the lads that Roy Farrel made this boy a hockey player. He was one of the lads that Roy Farrel made this boy a hockey player.

Age creepeth on. LANCE was out of junior company. Laid idle a year and then was picked up when the CHAMPION PEACH KINGS were organized. He was not the best hockey player in the world, but he was a long way from being the worst. OLD GENE FRASER, the king-pin of them all, once remarked to Manager DIXON, "I wouldn't give you 10 cents for that may HAYHOE." "Maybe not," says DIX, "but look out before the winter is over, he will tie some of your crack 'but in knots'." How prophetic were those words. In that second game in Toronto against the Falls, after we had licked the Soo Greyhounds, in Toronto against the Falls, after we had licked the Soo Greyhounds, in Toronto against the Falls, after we had licked the Soo Greyhounds.

LANCE was not the fastest skater in the world, although he had plenty of speed. He did have one thing and that was backchecking. He had it down to a science. He had forechecking perfected before Tommy Gorman who lays claim to inventing it ever knew that such a thing existed. If I had somebody to take the time to go through the old papers I could prove that fewer goals were scored when LANCE was on the ice than when the full, great forward line of CLARKE-REID-HOPKINS were performing and I am not taking any credit away from that famous line, for on more than one occasion OLD PUDDINGHEAD REID remarked to me, "I do not know how he does it, but he does, and that is all that is necessary." Old Pud was just as tickled over what LANCE was doing as if he had done it himself. But that was the OLD PEACH KINGS. Their slogan was ONE FOR ALL—ALL FOR ONE—WE WILL WIN AT ANY COST.

DIXIE never had any fear when he pulled any one of his three crack men off the ice and threw LANCE on. He not only knew that LANCE would hold the fort and score the odd goal or two but when he came back in the box he would give him a lot of knowledge about the opposing players for the kid had an uncanny insight into the weakness of an opposing player. It stood the KINGS in good stead those two campaigns.

LANCE is now living in Hamilton. Has a right, smart job, is happily married (I do not know how many kids), comes to Grimsby regularly to visit with his step-mother, Mrs. A. R. Hayhoe, Elizabeth Street North. He was an all round good fellow, smart hockey player and I understand a right good man on his job. He could not be otherwise, he was a PEACH KING.

HERE'S FOOD FOR THE FIGURE FILBERTS—For the benefit of those readers who are not adverse to making it a habit of studying the statistics of a hockey team, we have taken the time to prepare the latest figures about the team and individual players. All statistics herein are based on the recent series with Port Dalhousie, and do not contain any of the previous league games, figures on which have previously been printed in The Independent.

Key to this guide:-

GP—Games played.
G—Goals scored.
A—Assists.
Pts.—Total points.
P—Total minutes in penalties served.

	GP	G	A	Pts.	P
Zuke	4	5	1	6	2
Blanchard	4	3	3	6	0
Kemp	4	3	3	6	0
Tallman	4	2	3	5	0
Hutchison	4	1	4	5	4
Craig	4	2	1	3	7
Warner	4	2	1	3	10
Reid	2	1	2	3	4
Hann	4	0	3	3	6
Hill	4	1	1	2	0
Mattison	4	0	1	1	2
Miller	4	0	1	1	4
Totals	29	24	44	39	

Although centre ice star Zuke heads the goals scored department, it can be ascertained from above chart, that three players are tied with six points, Zuke, Blanchard and Kemp.

Upon further examination we find that the line of Kemp, Blanchard and Tallman have a combined total of seventeen points, to make them the top scoring trio with no penalties attached. The forward line of Craig, Warner and Hutchison follow with eleven points, and the Zuke, Hill, Mattison threesome are chalked up with nine points.

Normie Warner with five minor penalties gives him the dubious honour of being the team penalty receiver.

Defencemen Reid, Hann and Miller are naturally not up there in the scoring department, and their recent swell defensive work is one of the chief reasons why goalie Alf MacMillan has been able to

(Continued on page 9)

KINGS WERE
FLYING HIGH

The Peach Kings won their first game of the finals for the Fruit Belt District Championship, in one of the most unthrilling games seen here this year.

In defeating the Thorold Legion entry by a twelve to six margin, it was a great source of wonder to guys like coach McVicar, the boss across from me, and a great number of the guys who are supposed to be in the know around the rink. The burning question seems to be, how the mugs from Thorold could polish off the Dunnville Cats, who in pre-season chatter were supposed to be hot stuff, and proved it on one occasion when they swamped the Kings on Dunnville ice. How, then, could the encounter here be so decisive? Are the Kings actually a far better team than we expected? Or was that four goal spree in the first ten minutes of play just too much for the opposition? Did the score give a true indication of the game?

These questions may be answered in Thorold, but we might as well put down in writing what we think, and we think the Kings will win the series three straight. We think they are a far superior team, and we also consider the Thorold defense as non-combattants, with a goalie that makes the Grimsby snipers think they are in the promised land, after battling rubber at Coupland in the recent Port Dalhousie series.

I recall stating to Jack Cuthbert, one of the officials, that it was our hope, that a raft of goals would not be scored. Thusly in the first period we made a study of each of the Kings four goals.

Normie Warner opened the scoring at 3:59 with a goal that trickled through Clement's pads, as the Kings were all around the Thorold net. At 5:20 Much Miller came up on the open side to take a perfect pass from Warner, Miller's shot to the lower right hand corner beat Clement easily.

Goal three was the first of three for George Zuke. It was a typical Zuke tally, a bullet-like drive that picked the corner as if guided by radar. Craig picked up the fourth Grimsby counter at 10:47 taking Hutchison's pass and beating Clement.

So that was the first period, a period which made the Thorold defense look pretty bad. It was not a brilliant type of hockey.

Frank Hill picked up two quick ones as the second frame opened, both on nice passing plays. Zuke and Reid drawing assists. Pud Reid notched the seventh Kings goal as Barry Blanchard put the puck on Pud's stick right in front of Clement. Zuke scored his second goal late in the second period, while Tallman and Hill also beat Clement.

The sizeable lead the Kings had built up, had a tendency to make with a bit of over confidence, and the Kings without a doubt became lax, as the Thorold team picked up three goals in the second period. It was Reid, Wallace and Saunders who looked good for the Thorold guys, not the previously highly rated Rocco brothers and McGill.

With a seven goal margin as the final period opened, the Peaches were coasting along and picked up two goals to Thorold's three. It was still Reid, Wallace and Saunders who beat MacMillan, who was not given the best in support in

SPORTOLOGY

(Continued from page 8)

turn in some stellar performances, while the forwards go out to which they can do, and we trust will continue to do, as the team win. In search of hockey laurels and the eventual Championship of the O.H.A. Intermediate "B" crown.

OLD POISON LOOKED THEM OVER—A distinguished hockey visitor was in town on Monday night. In his hey-day he was a smash-ever played against, amateur or pro, as OLD POISON, and he sure played for right from his kid days up to the great Montreal Maroons. He was a team mate of OLD POP McVICAR in his Maroon days. His right name is NELSON STEWART and he is now on the scouting staff of the Toronto Maple Leafs. That is what he was doing in town. Giving the KINGS the double O. He was particularly interested in ZUKE, BLANCHARD, KEMP and TALLMAN. Whether anything will ever come out of his visit remains to be seen. Also for your information DINTY MOORE is on the scouting brigade of the Montreal Canadiens.

LET IT SNOW SAYS LITTLE WHIZZER—The blizzardly weather this winter is no good for sport fans or sporting palaces, but what is the use of worrying. Next July we will all be praying for colder weather. . . . ELLA FAIR is coming back to form. She bowled a 261-222-181 for a triple of 674 to help the VEDETTES take the ADMIRAL DEWEY team 2-1. At that DOROTHY TURNER rolled 263-190-215 for a 608. . . . KAY PYNDYK of the CRAWFORD team had a 654 and the little MAY gal on the same team came through with a beautiful 301 game and a triple of 668. CRAWFORDS needed those scores, too, in order to beat out the VICTORY team 2-1. . . . Sympathy of the sports fans of the district go out to Jack Larmon of North Grimsby on the death of his wife last week. The late Mrs. Larmon was a great follower of sport, particularly softball and hockey. She was a gold medal winner as the best all-round girl athlete during her High School days at Saltfleet High School and was always a great supporter of clean sport in all fields. . . . OLD POP McVICAR was back in the KINGS coaching box on Monday night after a sledge with Old Man Flu. . . . GEORGE MARR and MR. BAXTER, K.C., have both been under the weather this week. . . . Nothing ever happens to OLD TOM WAPNER. Like Old Man River he keeps rolling along. . . . The present group finals between KINGS and THOROLD is three out of five games. KINGS played in Thorold last night and play back in the ARENA on Friday night. If a fourth game is necessary it will be played in Thorold Monday night. If a fifth game is necessary it will be played in the ARENA next Wednesday night. Think those last two games will be necessary? . . . Info from MUDCATVILLE is to the effect that SOGGY GREEN has hung up his tack forever. . . . MEN'S BOWLING League have finished their regular schedule and still they have not a winner of the GLEDHILL and INGLEHART Trophy. Reason. MONARCHS and PONY EXPRESS are tied for first place and must play off, if and when LITTLE WHIZZER can get them together, but with hockey and what not it is a difficult task for the little fellow. . . . NICK MARUCCI who does his bowling for the FOUNDRY team went berserk on Saturday afternoon and rolled up a score of 390. He had nine strikes and a spare and took the head pin out on his spare. Nice rolling though. . . . Just to wind up the season in a blaze of glory The VILLAGE BAKER rolled 237-224-259 for a triple 720, and with all that amazing work his BOULEVARD team lost out to the PEACH KINGS 3-1. . . . Here is consistent bowling. PAUL SMITH of the WEST END trundling 202-206-205. . . . PONY EXPRESS showed GAS RAHN in no uncertain fashion that he did not have the championship in his hip pocket this year.

Syracuse blanked Buffalo 4-0 at the Arena on Saturday morning. Three goals were notched by Raymond Fisher while Marvin Robertson secured one. Cleveland obtained a 3-1 decision over the league leading St. Louis squad. Ronny Moore played well for Cleveland and scored all their goals. Bobby Stuart finally counted for St. Louis on a lone rush.

Minor Series League Standing—

	W	L	T	Pts.
St. Louis	4	2	1	9
Syracuse	4	3	0	8
Cleveland	3	4	0	6
Buffalo	2	4	1	5

Maple Leafs and Canadiens met in the first major game, Leafs emerging winners 5-4. Elden Mallin distinguished himself by netting three Leaf goals, the remaining two were accounted for by Clifford Schwab and Raymond Howe. Mason, Stevens, Ebluszaki and Walters rang the bell for Canadiens.

In the last game Detroit took Boston into camp 4-1. Boston started the scoring when Clinton Jones beat the Detroit netminder. From then on it was all Detroit with two goals by Freure and one each by Mackie and Weiss. Boston undoubtedly suffered through penalties drawing 5 to Detroit's 1.

Major Series eLeague Standing—

	W	L	T	Pts.
Boston	6	2	0	12
Detroit	6	2	0	12
Maple Leafs	2	5	1	5
Canadiens	1	6	1	3

Games Saturday, March 1st—

- 1st Game—Cleveland vs. Buffalo.
- 2nd Game—St. Louis vs. Syracuse.
- 3rd Game—Boston vs. Maple Leafs.
- 4th Game—Canadiens vs. Detroit.

KINGS ELIMINATE PORT DALHOUSIE

It is probable that a hockey team at one time or another reaches a peak. The time arrives when the players are in the best possible condition that an amateur player can maintain. Add to this the fact that it takes more time than we realize for a forward line to get the feel of each other's style of play. For a defense to establish a style of play and for the goalie to take mental notes of all that goes on in front of him, and in doing so, pattern his play after the method that his defensemen take out onrushing forwards.

The Peach Kings have now played fourteen league games, two or three exhibition tilts, and according to Bones' tattered and dust-laden files, they first hit the ice on the 27th day of November, 1946.

Therefore we can establish the fact that the 1947 edition of the Peach Kings have been playing together for about three months. The perfection that has come during those three months is quite evident, and we firmly believe that the Kings are now sufficiently prepared to go a long way in their search for the Intermet "B" Championship, which slithered from their grasp last year in that "black twenty minutes" with the Owen Sound timbermen.

The Kings wound up the series with Buddy Fisher's Dalhousies on Friday night, swamping the Ports by an eight to two score. It was a nice victory for the locals, and

richly deserved. For the Ports team we can say that they are a great bunch of guys, and were worthy opposition for the Kings. It is unfortunate that they did not receive the best in support from their home town, however, it was fortunate that a fellow like Buddy Fisher should be around to give his all for the men who played clean, heads-up hockey, ably supported by the outstanding Mr. Coupland.

The final game of the Port-King series set a number of precedents. The 1350 was a new high in attendance for this year. The Kings opened the scoring in the first two minutes of play, a feature that has not existed as of late, and just for the record, the ice Tommy Warner put out there for the tilt was a dream, it seemed just a bit better than the usual perfect surface put out by la Warner.

It has been said of Coupland, that he is at his best when his team is leading, if so, then Fud Reid's solo break and brilliant goal at the 140 mark of the first period was the winning tally.

The fast first period was a thriller, as the Kings picked up three goals, and missed a dozen lovely set-ups. Craig scored from Hutchison and Zuke got his first of three, taking a perfect pass from Duke Hann. The Grimsby defense was superb throughout the entire contest, and a great deal of credit is due to Messrs. Hann, Reid and Miller.

Leading three to nothing as the second stanza opened, the Ports picked up two goals, to seemingly put them back in the game. Croft

was the guy who did the damage, and on the second, which was a fluke if we ever saw one, MacMillan had no chance.

Zuke picked up his second goal as the period was coming to a close. This guy Zuke, who looks like future big league stuff, if his little is not too small, played a great game. Not only scoring three goals but backchecking and forechecking with apparent damage to the Ports offensive plays.

Both of Ports goals were scored while Miller and then Reid were serving penalties. Generally speaking the mid line of Kemp, Blanchard and Tallman were the stand-outs of the period, being kept off the score sheet only as a result of a couple of bad breaks and some keen netminding by Coupland.

The third period saw the Kings build up a six goal margin. Their passing plays and speed, featuring fast breaks from their own zone on pass-outs by the Grimsby defense, left Port players trapped in the Grimsby zone, and as a result the locals lit the red light four times. Warner started it while Cove was serving a tripping penalty. Normie, who worked like a trojan all night, finally was rewarded, while Craig and Hutchison got assists. Thirty seconds later Craig shot one from the blue-line that tickled past Coupland, it was not a good goal as goals go, but was on a par with that fluke of Croft's in the second.

The kid line finally got through on a smart counter, Kemp scoring with assists to Blanchard and Tallman. Zuke ended the festivities at the seven-minute mark, taking a nice pass from Hill and rifling it past the Port goalie. The semi-finals are past, victory stop No. 1.

First Period	
1. Kings—Reid	1.40
2. Kings—Craig (Hutchison)	8.35
3. Kings—Zuke (Hann)	13.40
Penalty: Warner (tripping)	16.15
Second Period	
4. Port—Croft (Frick)	6.30
5. Port—Croft (Mackie)	10.35
6. Kings—Zuke (Mattison)	18.20
Penalties: Miller (tripping) 4.30;	
Reid (holding) 10.03; Frick (highsticking) 13.20.	
Third Period	
7. Kings—Warner (Hutchison, Craig)	5.15
8. Kings—Craig (Reid, Hutchison)	5.45
9. Kings—Kemp (Blanchard, Tallman)	16.54
10. Kings—Zuke (Hill, Miller)	17.53
Penalties: Cove (tripping) 4.30;	
Frick (tripping) 8.03.	

THE RED CROSS CARRIES ON

Our men and women back from the world battlefields often tell how the Red Cross was there to aid and comfort them—oftentimes to save their lives. Now the Red Cross asks those who extended such solid support during the war years, to help keep the Red Cross strong in peace.

Today there are thousands of sick and disabled veterans who need the con-

tinued help and friendship of the Red Cross. Isolated frontier communities need Outpost Hospitals and nursing service—their only medical aid. Crippled children's hospitals must be maintained and expanded. Men, women and children across Canada need the Blood Transfusion Service the Red Cross has started to supply.

Will you continue to lend your help to sick and suffering humanity? The Red Cross work is your work.

The work of mercy never ends—Give

NEW HORIZONS IN Canada Unlimited

NEW WORLDS TO CONQUER...

Today, perhaps, he's whetting his skill, with deep pride of craftsmanship, on a model airplane . . . shaping a thing that symbolizes his longing for a man's strength, a man's freedom.

Tomorrow, he may be riding the winds in a real plane . . . charting new ways into Canada's Northland, topping the mountains of the West, bridging the ocean in a trifle of hours . . . with other lives dependent on his skill and judgment.

In whatever field his fancy ranges, marvellous things await him in the Canada of Tomorrow. Provided only he is offered the stimulus to ambition, the open door to achievement, which wise statesmanship and enterprising leadership alone can provide. These only are needed to start him on the march to New Horizons in Canada Unlimited.

HERE IS THE JOLSON STORY

Win Guest Tickets to the ROXY THEATRE

Simply take the song-titles mentioned in the advertisements on these pages... and weave them into a story!

A sample sentence from such a "story" might be:

WHEN YOU WERE SWEET SIXTEEN, BY THE LIGHT OF THE SILV'RY MOON, I said, ABOUT A QUARTER TO NINE "I WANT A GIRL like MY MAMMY but YOU MADE ME LOVE YOU so I'M SITTING ON TOP OF THE WORLD."

You can use other words than these in the titles — use them sparingly!

Best "stories" using all the song-titles mentioned in these advertisements will receive guest tickets. "Stories" must be mailed before midnight, Friday, March 7th, to the Manager, Roxy Theatre, Grimsby. Tickets will go to the 12 entries judged the best.

Song Titles Used on These Pages by Permission of The Publishers

The music... the magic... the times... of America's greatest entertainer are currently to be found in Columbia Pictures cavalcade of Technicolor entertainment "The Jolson Story," starring Larry Parks and Evelyn Keyes at the Roxy Theatre.

YOU WILL WANT TO SEE IT MORE THAN ONCE!

"The Jolson Story" ... truly a great motion picture ... is a glorious 5 day movie event at the Roxy Theatre, Grimsby, starting Monday, March 3.

We earnestly suggest that you attend an early showing so as to be able to thrill to a repeat performance later in the week.

The values... the services... the benefits... of the town's finest merchants are advertised on this special event page in thrilling tribute to both Jolson, a great entertainer, and to Grimsby's most discriminating person, the Grimsby shopper

"YOU MADE ME LOVE YOU" ...

Ever since Cleopatra's time (and probably long before that) the expressions of fine and sincere thoughts of love, sympathy, good wishes and greetings have been best fulfilled by the written word.

In sickness or in health...
in joy or confinement...
In happiness or sympathy...
greeting or farewell...
for everlasting remembrance
say it with a card.

Gala-Easter assortment now in stock.

OBITUARIES

MISS CATHARINE EGAN

The death of Miss Catharine Egan occurred Sunday at the Hamilton General Hospital. Born in Manchester, Eng., she had resided in Hamilton for the last 35 years and was the daughter of the late Mr. and Mrs. James Egan. She had been a member of St. Ann's Church, the Altar Society, and the Catholic Women's League of Canada.

Surviving are two sisters, Mrs. Albert Jerrett of Grimsby, and Mrs. Morgan Evans of South Wales; and one brother, Patrick Egan of Manchester.

CECIL LOUNSBURY

A resident of Smithville for the last 51 years, Cecil Lounsbury died suddenly at his home Monday.

Born in South Grimsby Township in October of 1878, the son of Mr. and Mrs. Edwin Lounsbury, he was a successful farmer there until he moved to Smithville in 1915, engaged in the flour and feed business until the present time. During this time he was for ten years employed by the American Express Company.

He was an adherent of the Smithville United Church, a member of the cemetery board, and a member of the Coronation Lodge No. 502, A.F. and A.M.

Surviving are his widow, the former Elizabeth Ann Little, one son, Basil, of Smithville and one daughter, Marjorie, at home; also five sisters, Mrs. Abisha Nelson of Smithville, Mrs. Samuel Zurbrigg of Loom Lake, Sask., Mrs. Arthur Irvine of Woodstock, and Mrs. William Southward and Mrs. Arthur Middaugh, both of Beamsville.

three grandchildren and two great-grandchildren.

MRS. DAVID Z. JACOBS

A resident of Winona for the last 21 years, Mrs. David Z. Jacobs died suddenly on Sunday in her 80th year.

The former Barbara Amelia Travis, she was born at Grassies, a daughter of the late Mr. and Mrs. Moses Travis, moving to Winona after she and her husband retired from farming. They had observed the 58th anniversary of their marriage on January 16, of this year.

Mrs. Jacobs was a member of Fifty United Church and had been interested in all the women's organizations of the church and community.

Surviving, besides her husband, are two daughters, Mrs. David C. Thomson, of Grimsby, and Mrs. Milan G. Krick, of Niagara Falls, Ont.; and two granddaughters.

Funeral services were held at Fifty United Church, Winona, on Wednesday afternoon, at 2:30 o'clock, with interment in Queen's Lawn Cemetery, Grimsby.

WILLIAM FITZ HUGH PATTERSON

William Fitz Hugh Patterson, native of South Grimsby township and resident of Smithville for many years, died Monday at the home of a nephew, George E. Patterson, near Galt, in his 83rd year.

A son of the late Mr. and Mrs. William Patterson he was a member of Smithville Presbyterian Church and for a number of years, had been secretary of the Smithville Horticultural Society and the Smithville Agricultural Society. He had also been an active member of

C. P. "Punch" Dickens, O.B.E., D.F.C., famous northland flyer and a pioneer in the transatlantic bomber ferry during the late war, who has been appointed assistant managing director of De Havilland Aircraft of Canada, Ltd., at Toronto.

the Smithville Library Board. He had gone to reside with his nephew at Galt last fall.

His only survivors are three nephews, W. and G. Patterson, Galt, and Clifford Patterson, St. Catharines. Funeral held from the Merritt Funeral Home, Smithville, on Thursday afternoon at 2 o'clock with interment in Smithville Union Cemetery.

TO START CAMPAIGN FOR A NEW HOSPITAL

(Niagara Advance)

In the near future a campaign to raise funds to build a new Hospital in Niagara will be launched. The hospitalization of the citizens here has outgrown the present capacity. In 1946 there were 103 more admissions than in 1945. There were 42 more operations performed in 1946 than in the previous year. Also, there was an increase of 7 in maternity cases. Last year there was an increase of 41 in small children admitted. It is in this regard that adequate accommodation is so urgently needed. All of this increase in the different services has been carried on with no increase in accommodation. This will give the citizens some idea of the difficulties under which the splendid nursing staff is working.

CONTINUATIONS

From Page One

GOVERNMENT SCHOOL

which having the same or like objects.

One of the clauses of the Act provides that:

"In the interests of the advancement of education and the improvement of teaching conditions in Ontario, the Board of Governors (of the Federation) shall meet annually and confer with the Minister (of Education) and the senior officials of the Department (of Education) on matters touching and concerning the objects of the Federation."

It will be seen from the foregoing, that provision has been made in the Act, to insure that steps taken by the Federation shall, at least once a year, come under review by top officials of the Department of Education. This connecting link between the teacher groups and the Department is of particular point in considering the changes which have occurred in teachers' salaries since the Federation was formed.

In most Ontario School Boards, the basis on which teacher salaries are determined is the salary schedule. The schedule states minimum and maximum salary as well as the yearly increase. The schedule is desirable from the standpoint of the Board, as a basis from which salaries of incoming teachers are determined and it is to be taken as a statement of the Board's policy as to salaries. From the teacher's standpoint, it serves as an indication as to what will be paid in succeeding years.

In 1945, the Federation advised Normal School graduates not to accept a salary of less than \$1,200. This automatically put a floor under Public School salaries, making \$1,200 the minimum. In that year, the Grimsby Board adopted a Public School salary schedule with a minimum of \$1,200 and a maximum of \$1,500.

Early in 1947, the Federation adopted a minimum Public School salary requirement of \$1,500, and asked for salary revision as of Jan. 1st. The Secondary School Teacher's Federation at the same time asked for a minimum of \$2,000, and for revision as of Jan. 1st. This has had immediate repercussions on the policy of the local Board and has resulted in the local minimum for Public School being raised to \$1,500, and some increase as of Jan. 1st. The High School minimum is now set at \$2,000 with some revision as of Jan. 1st. This year's budget has, of course, been directly affected.

Another item which has affected the Board's budget this year, has been the reduction in provincial grants. School grants are arrived at by applying the formula in the regulations, to the operating costs of the previous year. This year the province has reduced the grants by applying a percentage reduction which, in the case of Grimsby, is 6 per cent. There has been some confusion among School Boards because, although warning of a possible reduction was given about the middle of 1946, the actual amount of reduction only became known last week, after the budget had been struck. The local Board had made inquiry at the Department of Education in January as to the probable reduction to be applied to grants and while no definite figure was available, it was understood to be 10 per cent. The Board of Education in preparing the estimates, allowed for this 10 per cent reduction. However, the final figure of 6 per cent has enabled the Board to revise its estimate by some \$2,300, approximately 1 1/2 mills.

A total of \$12,000 is required by the Board to cover salary increases and reduction of grants.

As a result of these new factors which have come into school costs, the Grimsby rate for school purposes, not including debenture costs, will be about 9.4 mills. This compares with a mill rate of 4.089 for 1946; an increase of 5.3 mills. The Grimsby rate for 1946 of 4.089 may be compared to the rates in the following Peninsula communities:

Merritt—13.
Port Dalhousie—9.
(Rate, 1947—14.)
Niagara—6.
Beamsville—5.

The Board feels that it is something of an achievement, to have met these very substantial items of increased costs and to have provided for full maintenance of school properties without a much greater increase in the school rate. It is felt, moreover, that the above comparison substantiates the belief that the figures of school costs in Grimsby result from careful and efficient management. More about the latter, next week.

Distance lends enchantment especially if the distance is between you and a bill collector.

RECOMMEND TOMATO ACREAGE AT 50,000

In Canhe total acreage planted in Ontario for 1947 was 53,760, of which 44,770 acres were in Ontario and 9,000 in Quebec and the Dominion of Columbia. For 1947 the Dominion of Columbia Agricultural Conference special Agricultural Conference in December 1946 met in Ottawa and an acreage of 56,000 was recommended for 1947.

While the total tonnage of tomatoes processed was 6,000 in 1946 than in previous years the pack of canned tomatoes was considerably reduced in comparison with previous years. The pack of tomato juice was, however, up to a record level. The reason for the big pack of juice was that it can be done principally by machines, while canning tomatoes requires considerable hand labour. Processors have found it difficult in recent years to obtain labour for canning tomatoes.

WANT SIX PERMANENT FIREMEN ON DUTY

(Burlington Gazette)

The stationing of at least six permanent men at the fire hall so that someone would be on duty at all times, was the outstanding recommendation of the Fire Underwriters, tabled at a recent meeting of the town council. The report was the result of an inspection made by them late last year.

While this suggestion has been made for the past few years, the report singles out this point, and Cr. Ferguson, in commenting on it to council, stated that this would probably have to come into effect in 1948, not only because of the report of the Fire Underwriters, but also due to the fact that an alarm system would have to be gone into. The Telephone company had already intimated that the practice of ringing fire alarms from central would soon be discontinued.

While commenting that further equipment was needed, the most costly item was a new pump.

The Underwriters complimented the Fire Department on their prompt turnout for a test call and the most efficient manner in which they went about their work.

You don't know how smart were the men of history. None ever had to take an intelligence test.

CANADIAN ROOSTERS TO SOUTH AFRICA

Blood lines of South Africa's White Leghorns are to be improved with the introduction of a Canadian strain. One dozen pedigreed cockerels left recently via Canadian National Express for Saint John, en route to the largest hatchery in southern Rhodesia. It will take five weeks for the birds to reach their destination. To ensure prime condition, the shipper packed four different feeds with the birds. Cod liver oil is part of their diet. The South African importer, Miss L. Halford of Queque, ships chicks by air throughout the Union.

Get Ready For SALVAGE COLLECTION

There is still a great demand for salvage of all kinds—especially newspapers, magazines and scrap paper of all kinds. Bottles, rags, scrap iron and other salvage is very acceptable.

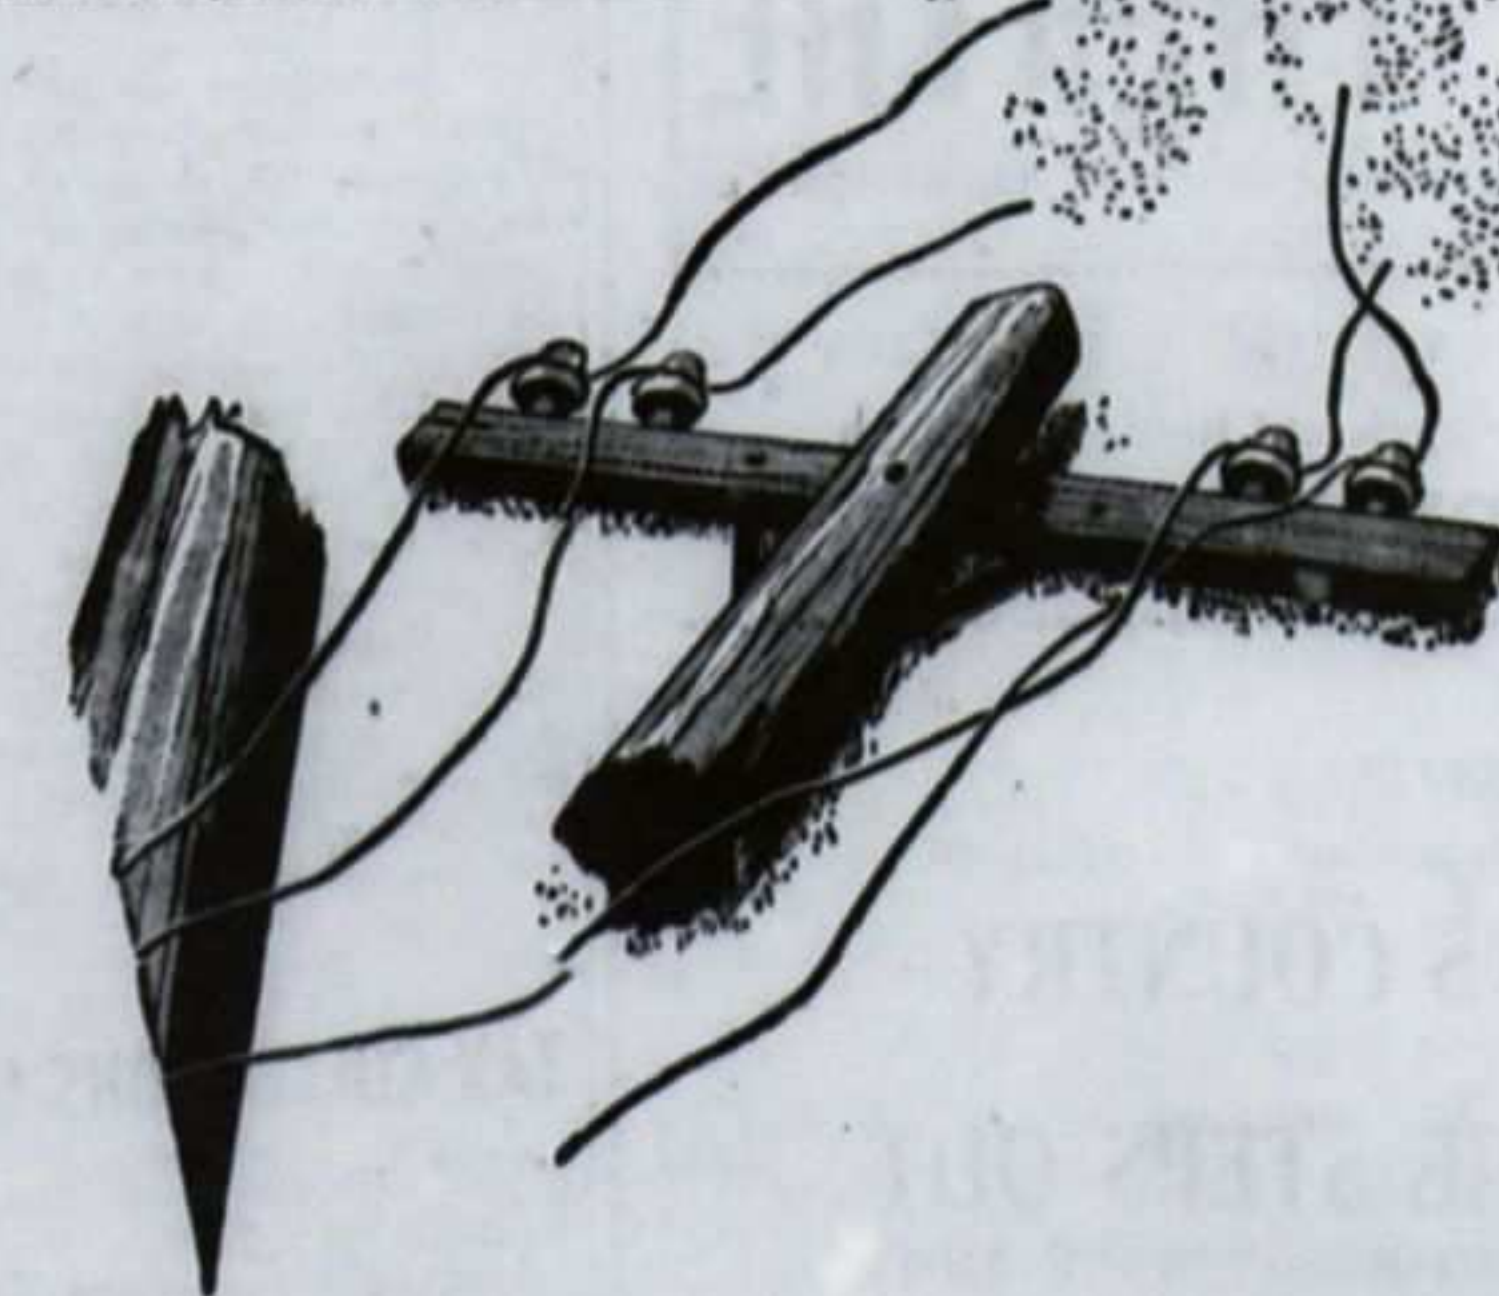

West Lincoln branch 127, Canadian Legion, will hold a Salvage Collection on—

SAT., MAR. 8

in the Town of Grimsby, Township of North Grimsby, Beamsville and the Township of Clinton. Have your salvage gathered up and ready for the collectors when they call. Tie all newspapers and magazines in bundles.

GEORGE WARNER,
Chairman Salvage Committee,
West Lincoln branch 127.

The only safe way...

Never touch a fallen Wire!

Wind, snow and sleet break down electric wires sometimes in spite of every precaution. Shock or severe burns can result from touching such a wire. Never touch a fallen wire.

Warn children not to go near fallen wires; but do not risk a demonstration by trying to move one out of the way. It can be fatal!

Remember these three things if you discover an electric wire on the ground or dangerously low:

1. Do not touch the wire under any circumstances;
2. Stay on guard and keep everyone away until Hydro men arrive.
3. Have your nearest Hydro office notified at once;

Everything possible is done to keep Hydro wires safe in your community. Yet these things occur, Hydro asks your co-operation in being careful and in

HUMANE INSPECTOR HAD A BUSY MONTH

The Lincoln County meeting of the Humane Society was held last week with Col. Wil. Much, D.S.O., in the chair. The meeting was discussed to annual with further plans for the re-opening, March 25th.

The report of the city dog catcher presented to the meeting showed 57 dogs picked up, 25 of which were claimed by their owners, the other being turned over to the Humane Society for care. Sixty-five calls were answered.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Lion's Club meets next Tuesday night.

Board of Education meets next Wednesday night.

Milton tax rate is 42 mills. A raise of three mills.

Tomorrow is the deadline for securing your 1947 automobile license.

Merriton Council have decided to turn the policing of the town over to the Provincial Police. Four men will be required.

The Grimsby Township Council at its meeting Friday night passed a by-law providing for estimated road expenditures of \$64,000 in 1947.

Fort Erie council Monday night struck its 1947 tax rate tentatively at 54 mills, an increase of four mills over 1946. Budget for this year is \$250,000.

Allison Hoffman, a former Grimsby boy, who served many years on the staff of The Royal Bank of Canada, has accepted the position of Chief Accountant with The Canadian Package Sales Co. At present Mr. and Mrs. Hoffman are residing in Ancaster but will move to Grimsby as soon as they can find a house or apartment. Mr. Hoffman is the son of E. V. Hoffman who conducted a gent's furnishing business in Grimsby for some years.

PLAIN STUPIDITY

Here is a rather unique case. A woman born in Lincoln County, who went to the Old Land before the war, returned to Canada for a considerable time, again sojourning in England and now is back again. The lady is listed as an immigrant, and the reason, lo and behold, is because she failed to register at Canada House, London, as a Canadian on visit. The whole thing is stupid.

PIE EATING CONTEST

With Oliver Choctaw Shaw acting as Master of Ceremonies, Art Vickers staged a pie eating contest at the Romy theatre on Monday night and it provided a lot of fun for the patrons and a lot of custard pie for the kids. First prize winner was Mike Sinnic, with second place going to Eddie Sobella, and Hank Robinson taking down the show money. Eight lads competed and the three winners received passes for future shows while the five losers received passes for this week's Saturday matinee.

SALVAGE COLLECTION

George Warner, chairman of the salvage committee, of West Lincoln branch 127, Canadian Legion, announces that another salvage collection will be held on Saturday, March 8th, in Grimsby, North Grimsby, Beamsville and Clinton. He states that salvage of all kinds is still in great demand, especially old newspapers and magazines, but all kinds of salvage will be acceptable.

Residents are asked to get their salvage ready for the collectors and to tie all their newspapers and magazines in bundles for easier handling. Remember the date, Saturday, March 8th.

TAX COLLECTIONS HIGH

Tax collections in Grantham Township during 1946 were the highest, on a percentage basis, in many years while tax arrears at present are the lowest on the township ledger books, township council was told at its regular meeting last week.

Doris R. Gardner, tax collector, reported that \$87,960.42 in taxes and penalties had been collected in 1946, forming 92.1 per cent of assessable collections. Uncollected taxes amounted to \$6,724.46 while uncollectible taxes were \$93.19. Arrears collected last year for previous years totalled \$8,219.56. While arrears at present stood at \$5,448.24.

Hamilton — Ontario

REAL ESTATE

Rev. T. E. Manning, for some years Pastor of Fifty United Church, Winona, has purchased the Mrs. Russell Wilcox residence at 29 St. Andrew's Avenue, now occupied by R. and Mrs. Sturgess. The deal was put through by T. E. Manning.

Grassie News

(Mrs. Clifford Walker, Staff Correspondent)

Mrs. Murray Blanchard and Mrs. Henry Haws are convalescing at their homes.

A surprise party was held Saturday evening in honour of Marilyn Hilberg's birthday.

The young people's meeting was held at the home of Mr. H. Earle. The next meeting will be held at Mr. Fred Hysert's.

Mr. Art Swaine of Beamsville, has purchased the Hildebrand home.

Mrs. Annie Johnson has been visiting with Mrs. Basil Jacobs. Misses Ann Green and Doris Waite of Calstar, spent the weekend with Misses Marilyn Hilberg and Audrey Walker.

Vinemount News

The Mission Circle held a crokinole party in the local school Friday night. Prize winners were as follows: Marjory Packham, Donna Watt, Victor Bowlsough, Kenneth Marshall. Refreshments were served by the Circle girls, assisted by Mrs. John Fleming.

Owing to rough weather and bad roads the Teenage Canteen's attendance was smaller than ordinarily last Saturday night.

The fortnightly euchre and dance sponsored by the Vinemount W.I. will be held Thursday night February 27th. Cards 8:15; dancing 10 to one o'clock. Music supplied by the Red Hill Ramblers.

The regular meeting of the Mission Circle of the Local United Church was held at the home of Gladys Tweedle, Friday night. Alice Tweedle presided for the business session, with Reita Thomas conducting the devotional and study book. The March meeting will be held at the home of Gladys Tweedle when a quilting party will comprise the program.

SPEAKING CONTESTS SLATED FOR MARCH

The Public Speaking and Entertainment Contests of the Lincoln County Junior Farmers are scheduled to begin about the middle of March. This will give all prospective contestants ample time to prepare their speech or entertainment for their local contests. Prizes will be in the form of attractive cash awards at the local and final competitions but there will be a Championship award to the value of \$25.00 to the competitor securing the highest number of points in each section namely the Public Speaking and the Entertainment groups. This amount will be sufficient to pay the transportation of
